NORTH MIAMI SENIOR HIGH SCHOOL, NORTH MIAMI, FLORIDA

Twenty years have passed since North Miami Senior High was founded. She has always been a leader in all fields and phases of secondary education. Her students through the years have strived to form a rich and brilliant history, a history that has never tarnished but only grew, and like her students, kept in step with the times.

Many ideas and concepts conceived at North Miami developed to enrich the society around her, because each year she possesses the one commodity that the hope of the world relies on . . . youth.

We have given her many things and in turn she has provided us with the very best education and fellowship possible.

We are proud of North Miami and we will never forget her.

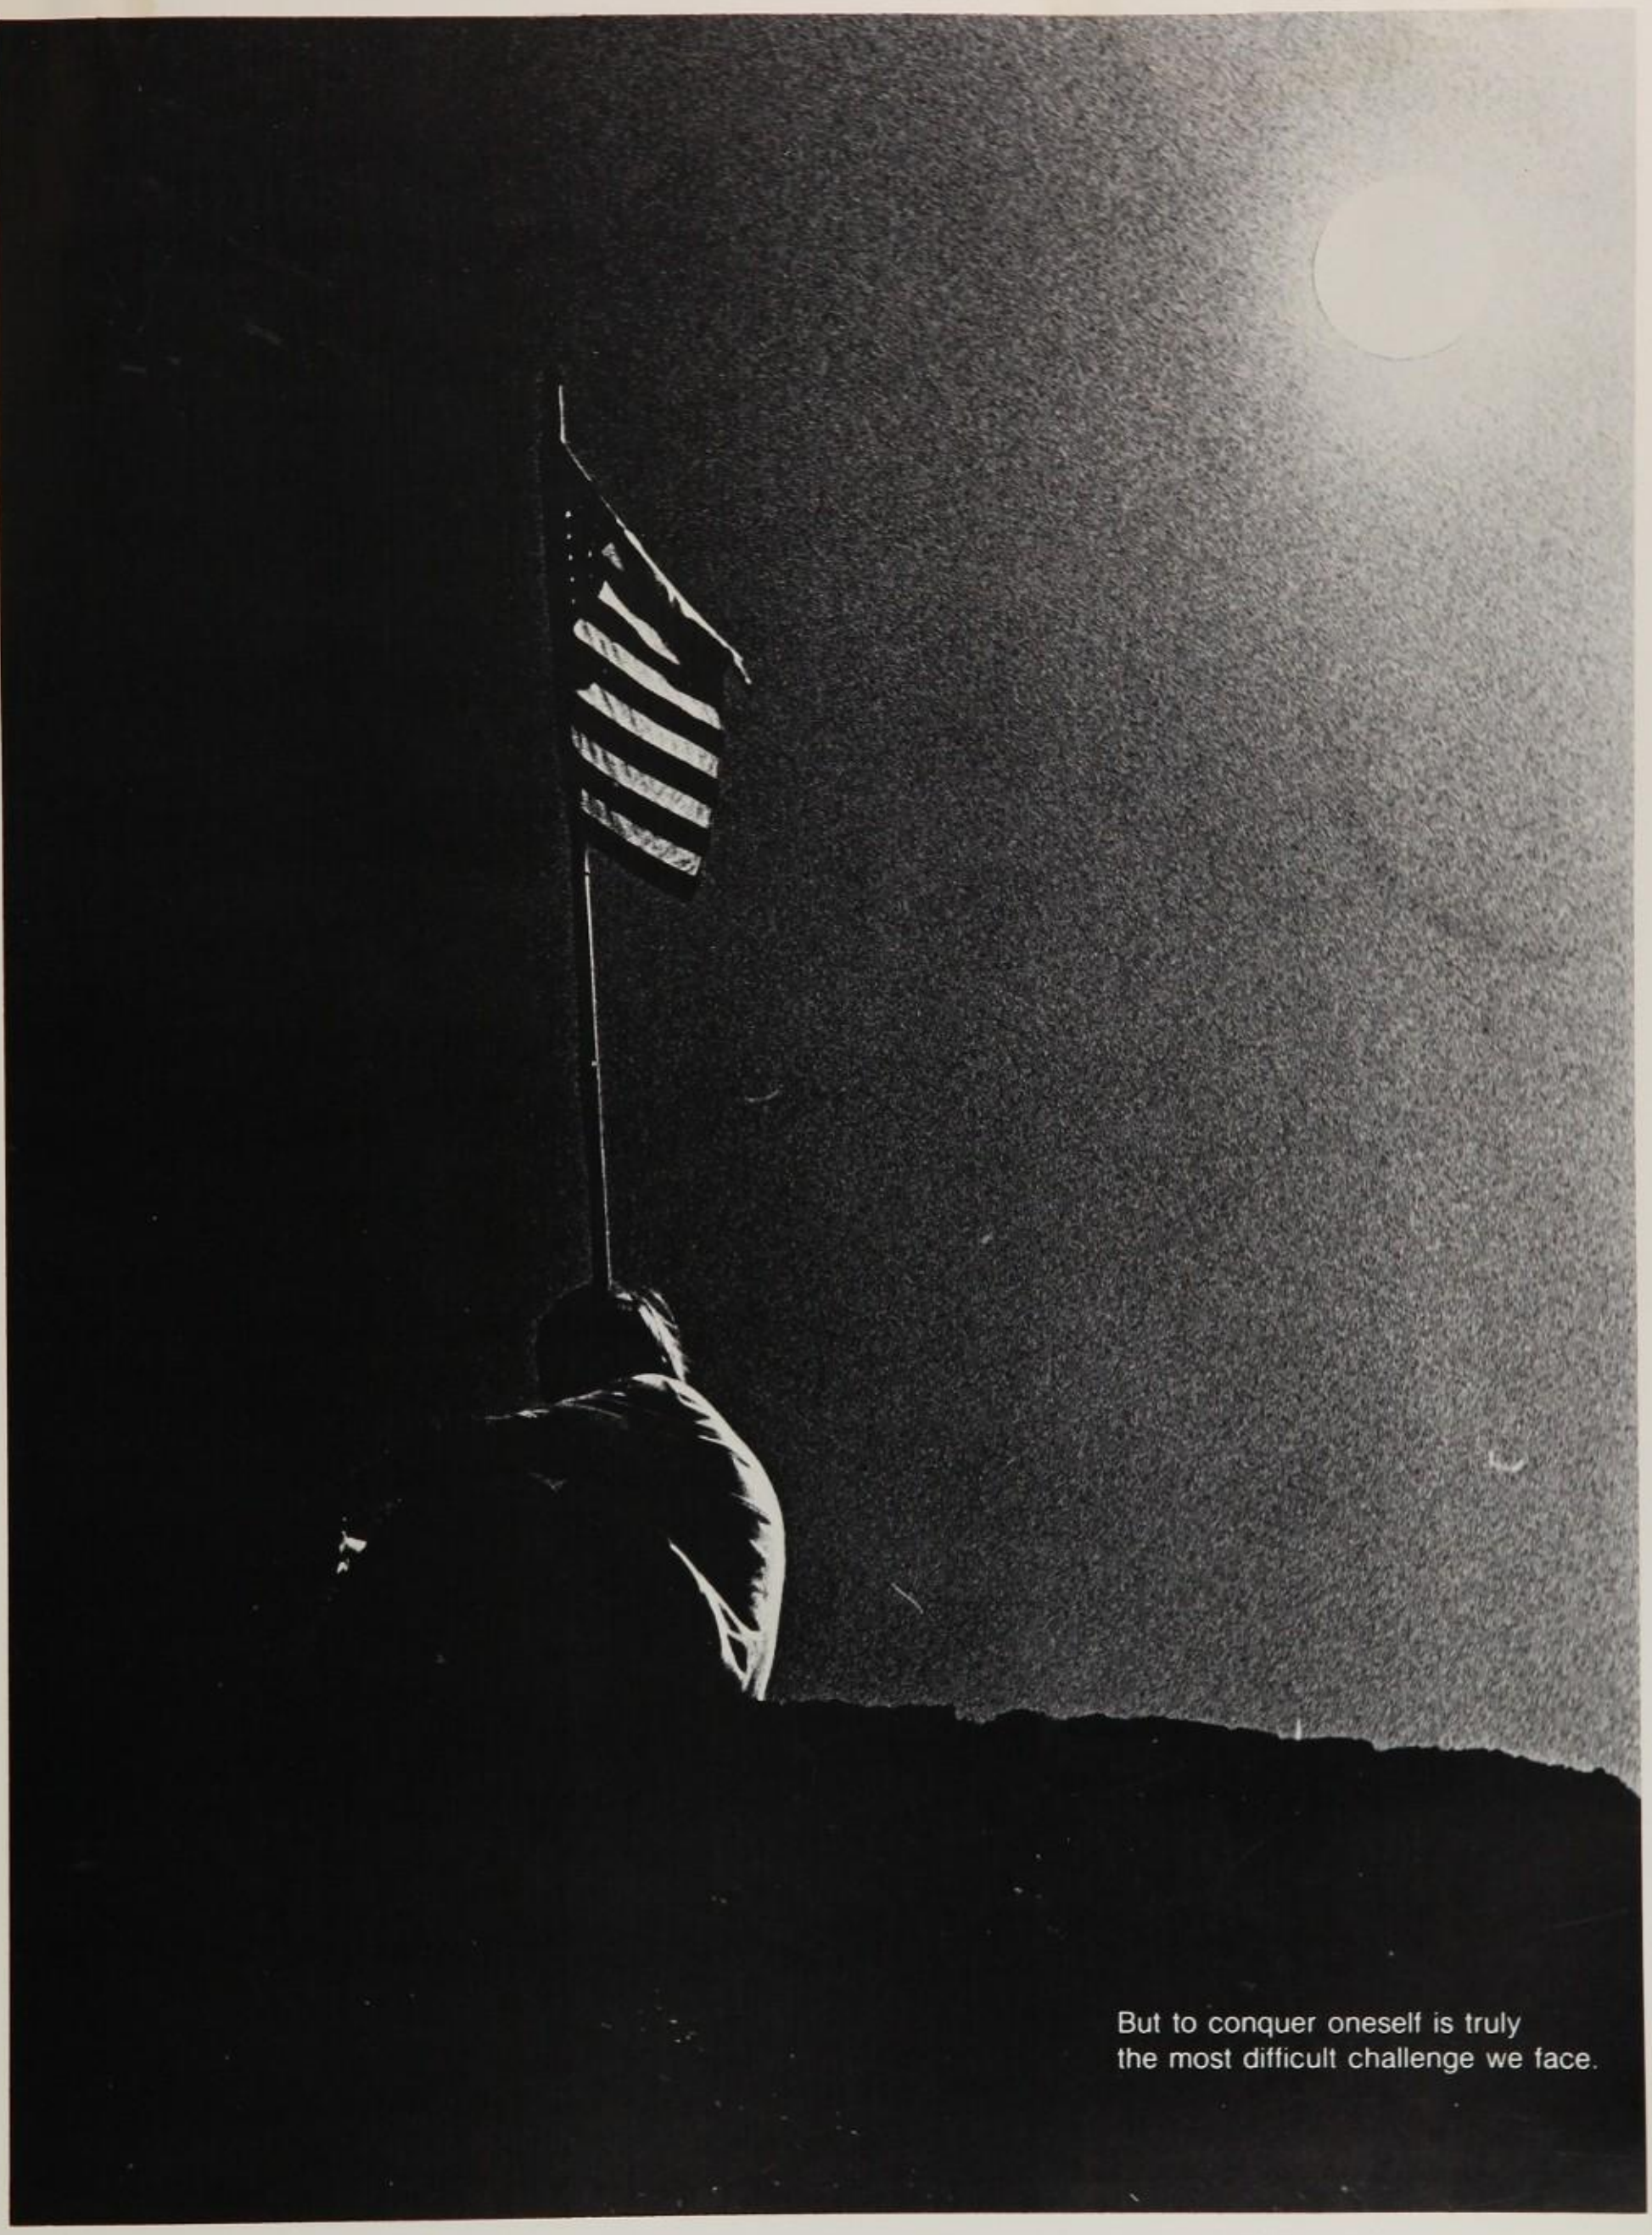
The Last Word 320

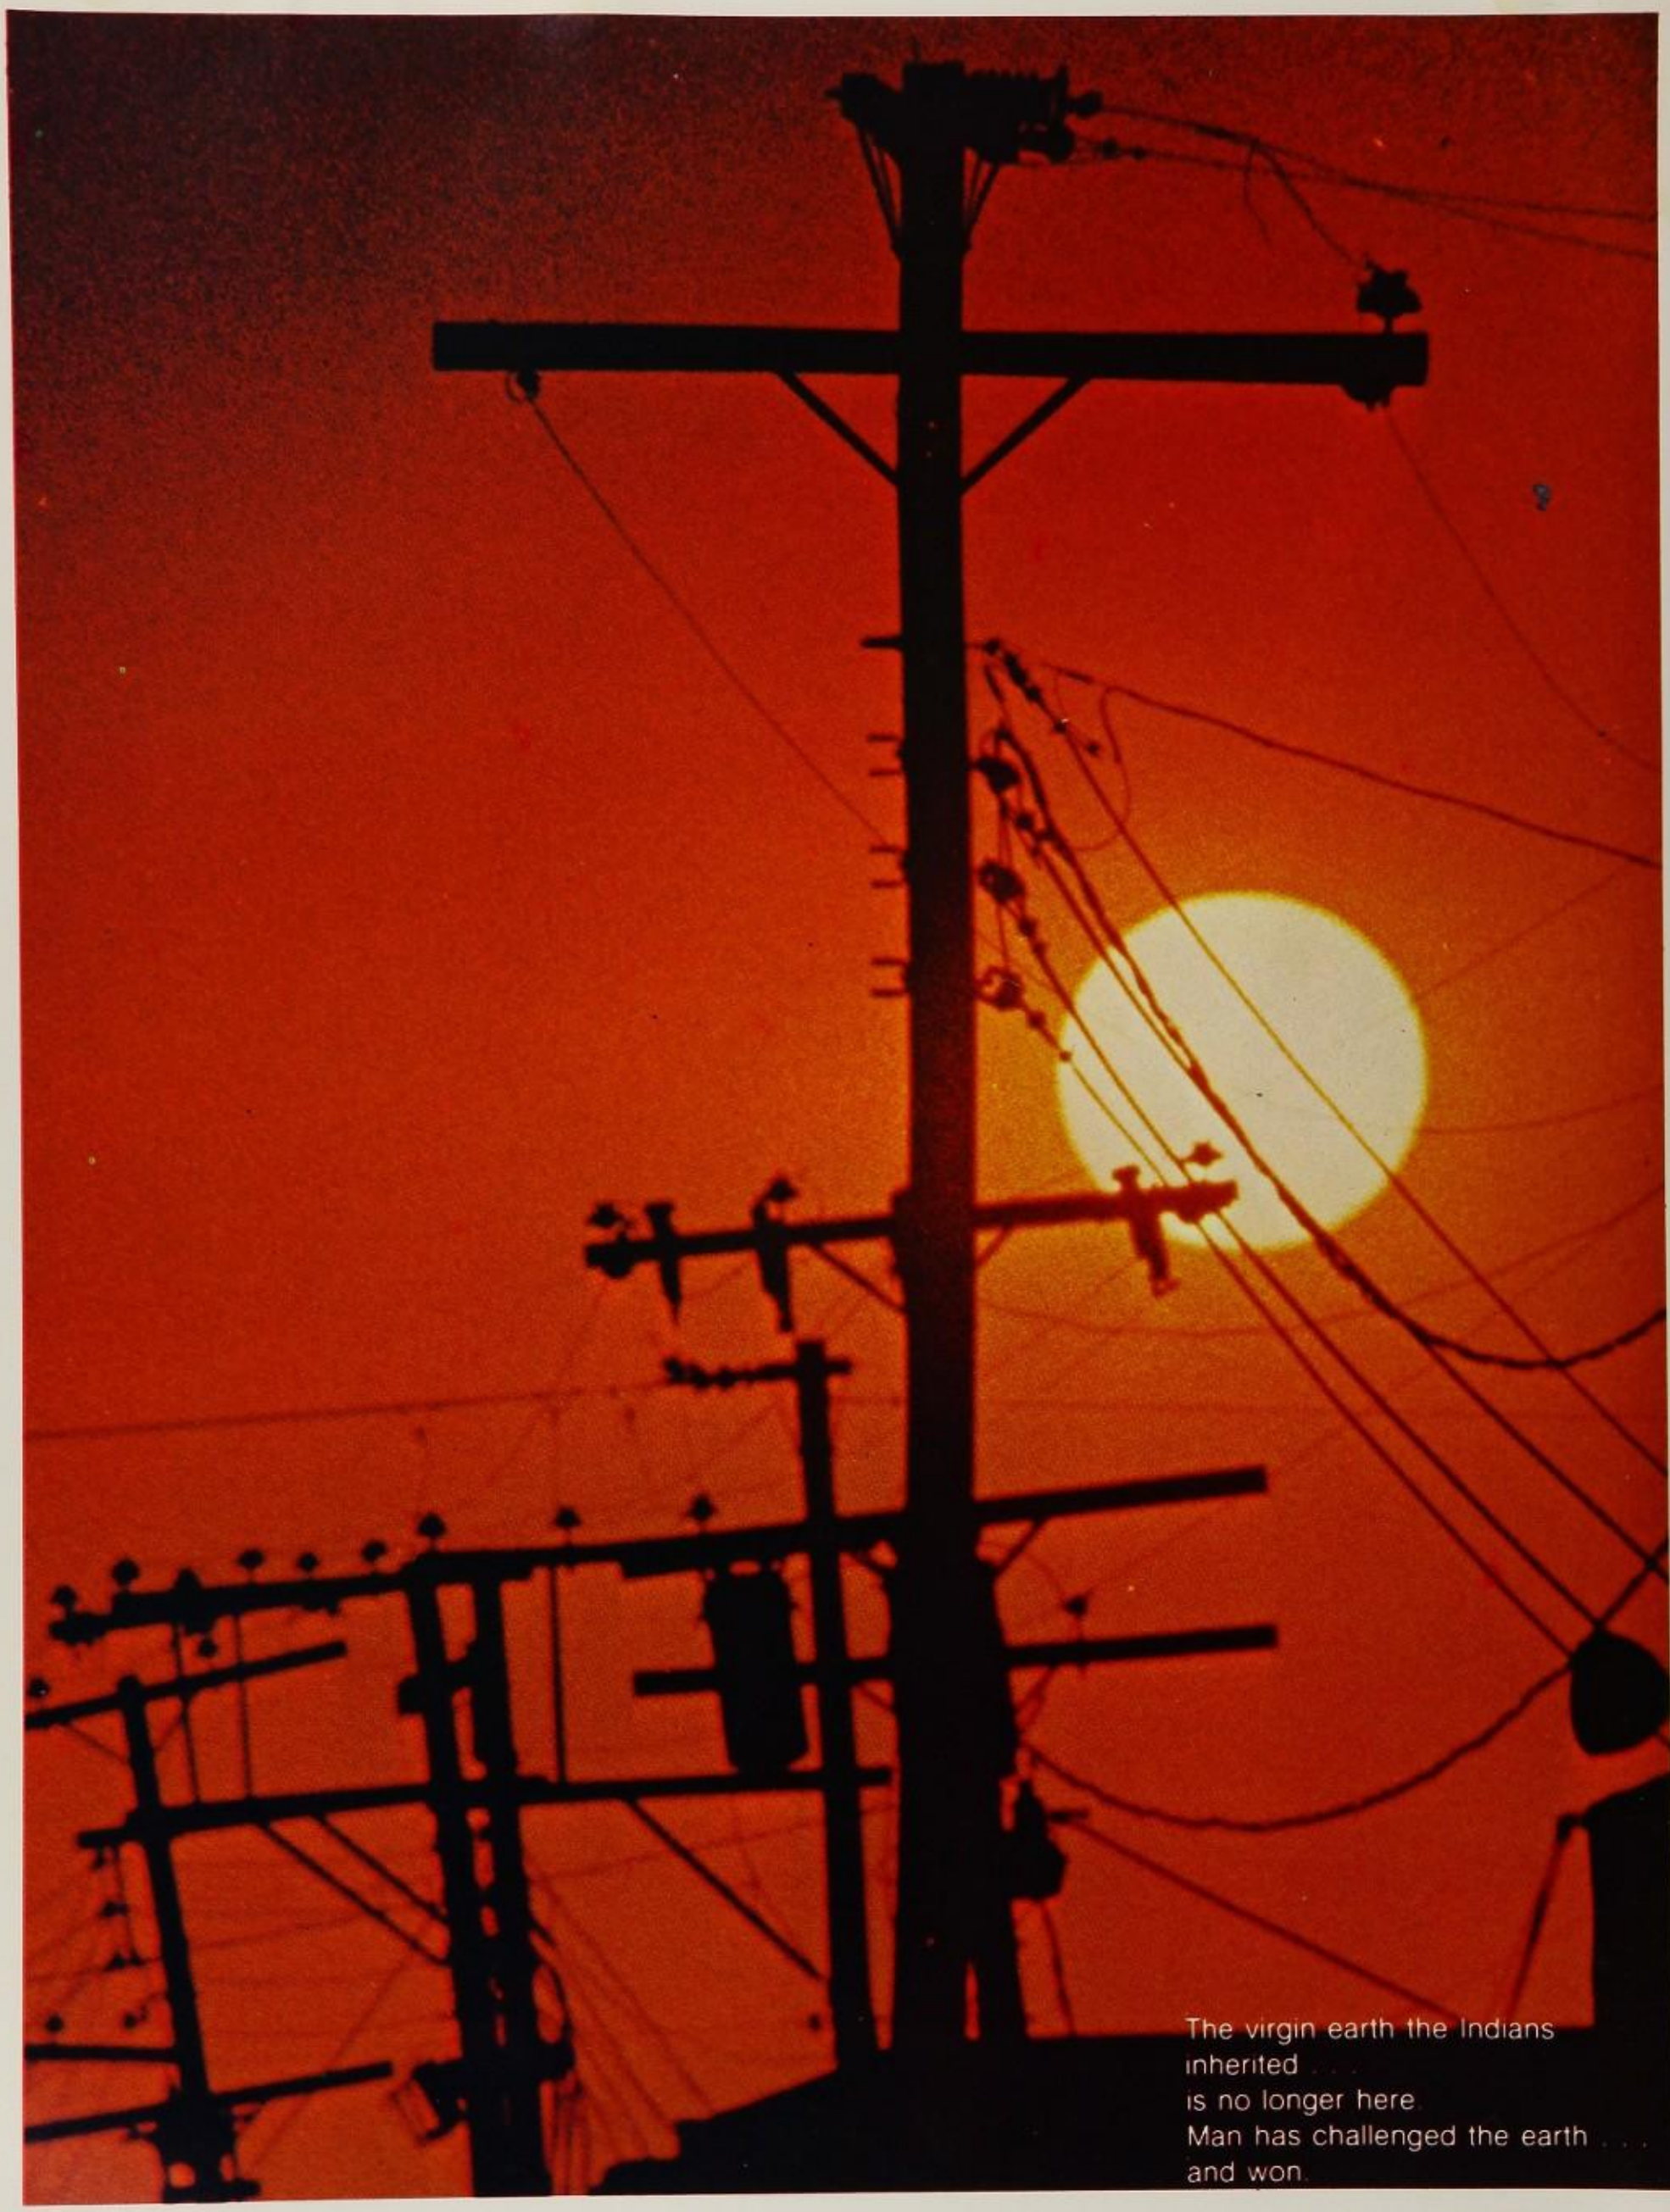
A small young child
her pale young face reflects the beauty,
the purity, and the innocence
within her.
And can't we all remember when
we too were children?
From a child we grew
to accept knowledge
For innocence without knowledge
becomes ignorance
and we learned the joy and beauty of life.

We do not possess the inborn perception that nature gave the animals.
We are born with a natural and permanent curiosity.

We grew to find our own way,
to strive for perfection in anything we do.
Discovering the world around us
A time to master our own skills.
To conquer the sea,
win a race or perfect an idea.
To challenge . . . to triumph.

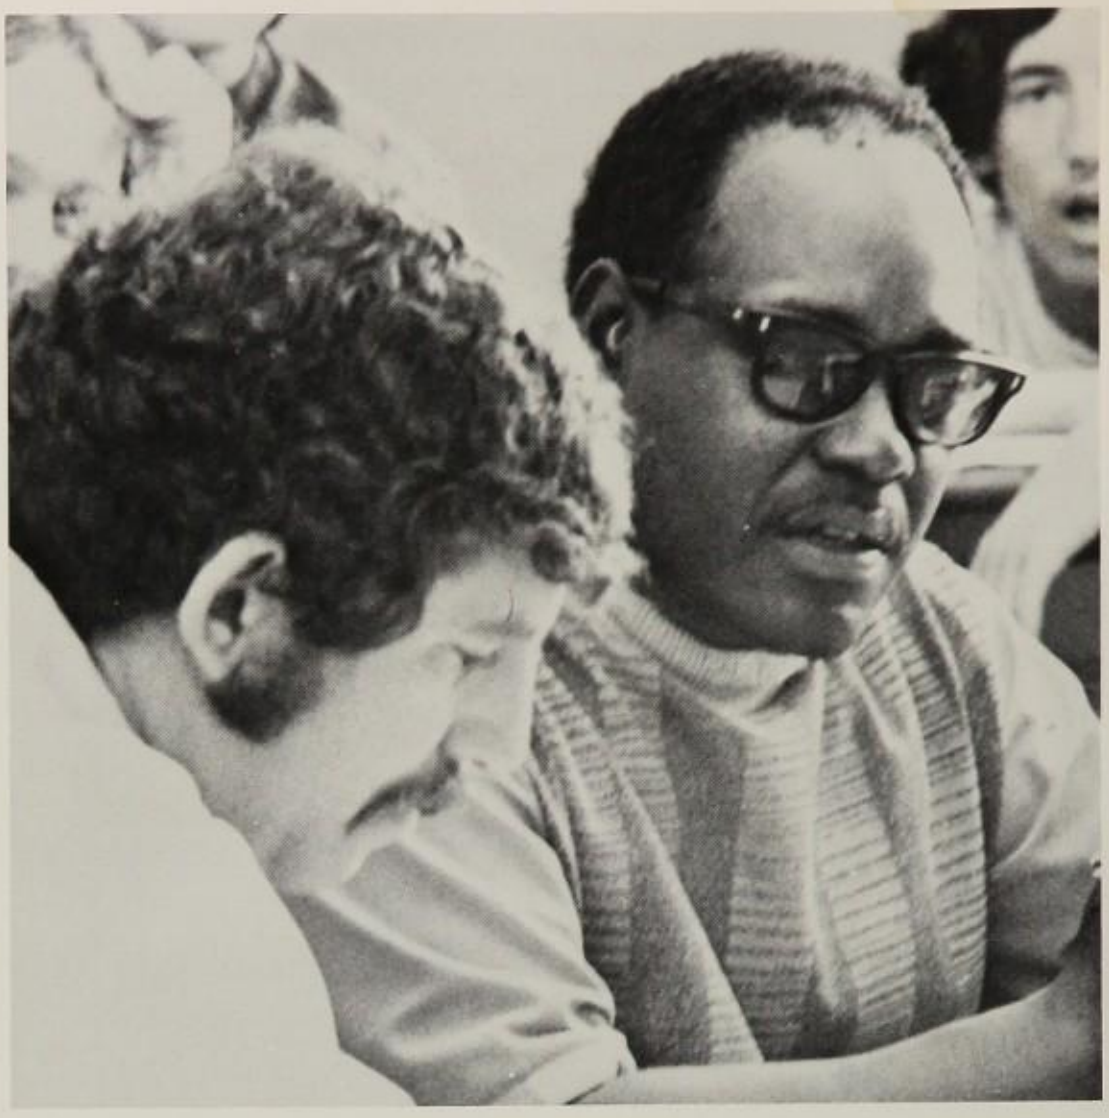


But to conquer oneself is truly
the most difficult challenge we face.



The virgin earth the Indians
inherited . . .
is no longer here.
Man has challenged the earth . . .
and won.

It is up to us to save it.
We must be the vanguard of our environment
to watch over the land and sea.
We have learned that
nothing is more important
than our trees, our green grass,
our water.
Nothing is more important than the planet we live on.



We knew that brotherhood was attainable
in sports, at home or in our classrooms.
We learned that keeping in touch with
the world was essential.
All of us knew that we the youth
held the keys to the future
And to face the future we must be prepared.

Perhaps the most valued education we
received was learning of the people around us.
To find that there is beauty in everyone
But the beauty in ourselves was often blind to us.
To find someone to share that beauty . . .
is perhaps the most wonderful experience of all.

North Miami, thank you.
You have given us the most
cherished times of our lifetime.

to our learning

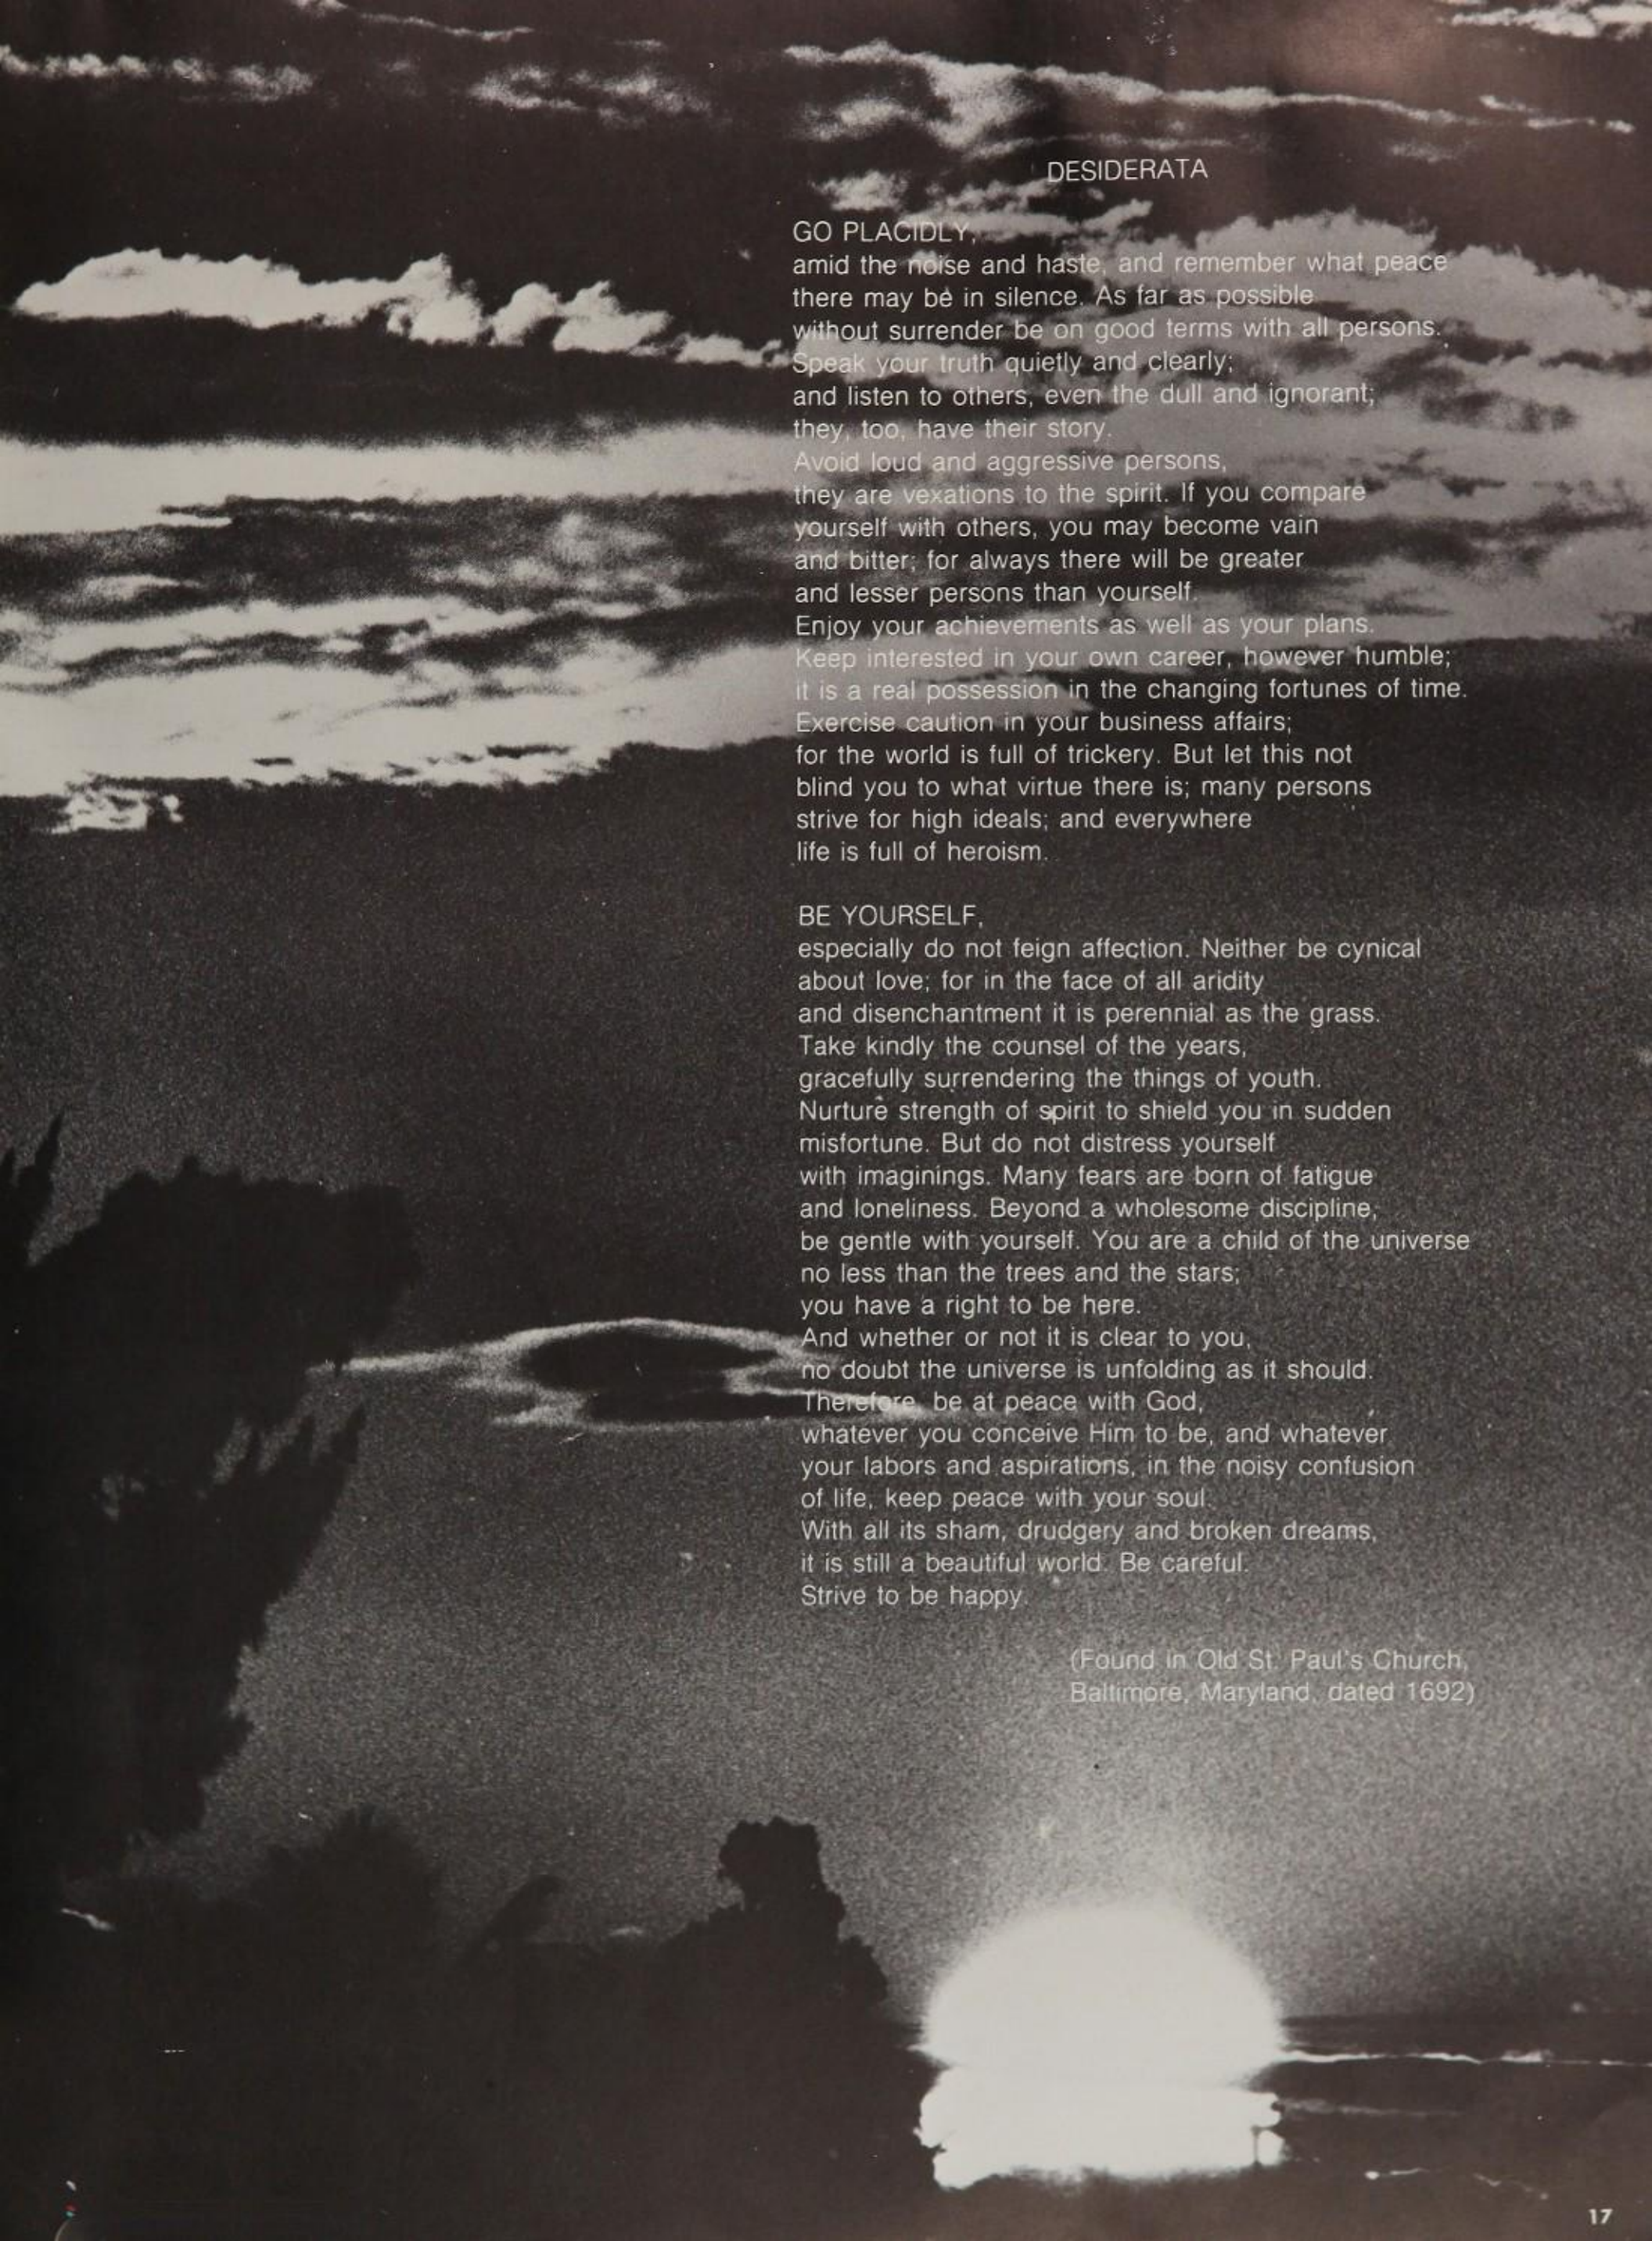
The children of the Universe.



DESIDERATA

GO PLACIDLY,
amid the noise and haste, and remember what peace
there may be in silence. As far as possible
without surrender be on good terms with all persons.
Speak your truth quietly and clearly;
and listen to others, even the dull and ignorant;
they, too, have their story.
Avoid loud and aggressive persons,
they are vexations to the spirit. If you compare
yourself with others, you may become vain
and bitter; for always there will be greater
and lesser persons than yourself.
Enjoy your achievements as well as your plans.
Keep interested in your own career, however humble;
it is a real possession in the changing fortunes of time.
Exercise caution in your business affairs;
for the world is full of trickery. But let this not
blind you to what virtue there is; many persons
strive for high ideals; and everywhere
life is full of heroism.

BE YOURSELF,
especially do not feign affection. Neither be cynical
about love; for in the face of all aridity
and disenchantment it is perennial as the grass.
Take kindly the counsel of the years,
gracefully surrendering the things of youth.
Nurture strength of spirit to shield you in sudden
misfortune. But do not distress yourself
with imaginings. Many fears are born of fatigue
and loneliness. Beyond a wholesome discipline,
be gentle with yourself. You are a child of the universe
no less than the trees and the stars;
you have a right to be here.
And whether or not it is clear to you,
no doubt the universe is unfolding as it should.
Therefore, be at peace with God,
whatever you conceive Him to be, and whatever
your labors and aspirations, in the noisy confusion
of life, keep peace with your soul.
With all its sham, drudgery and broken dreams,
it is still a beautiful world. Be careful.
Strive to be happy.

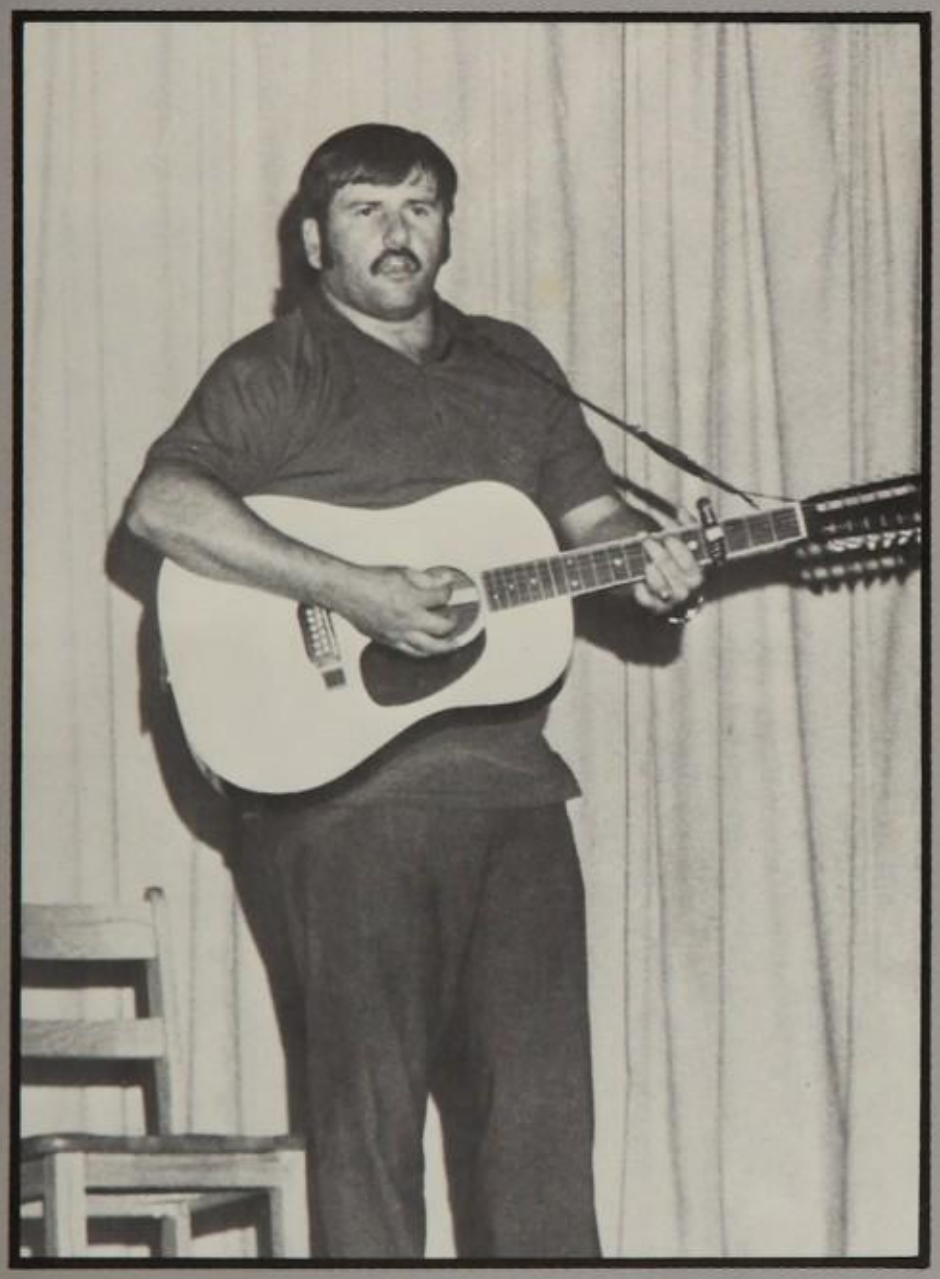
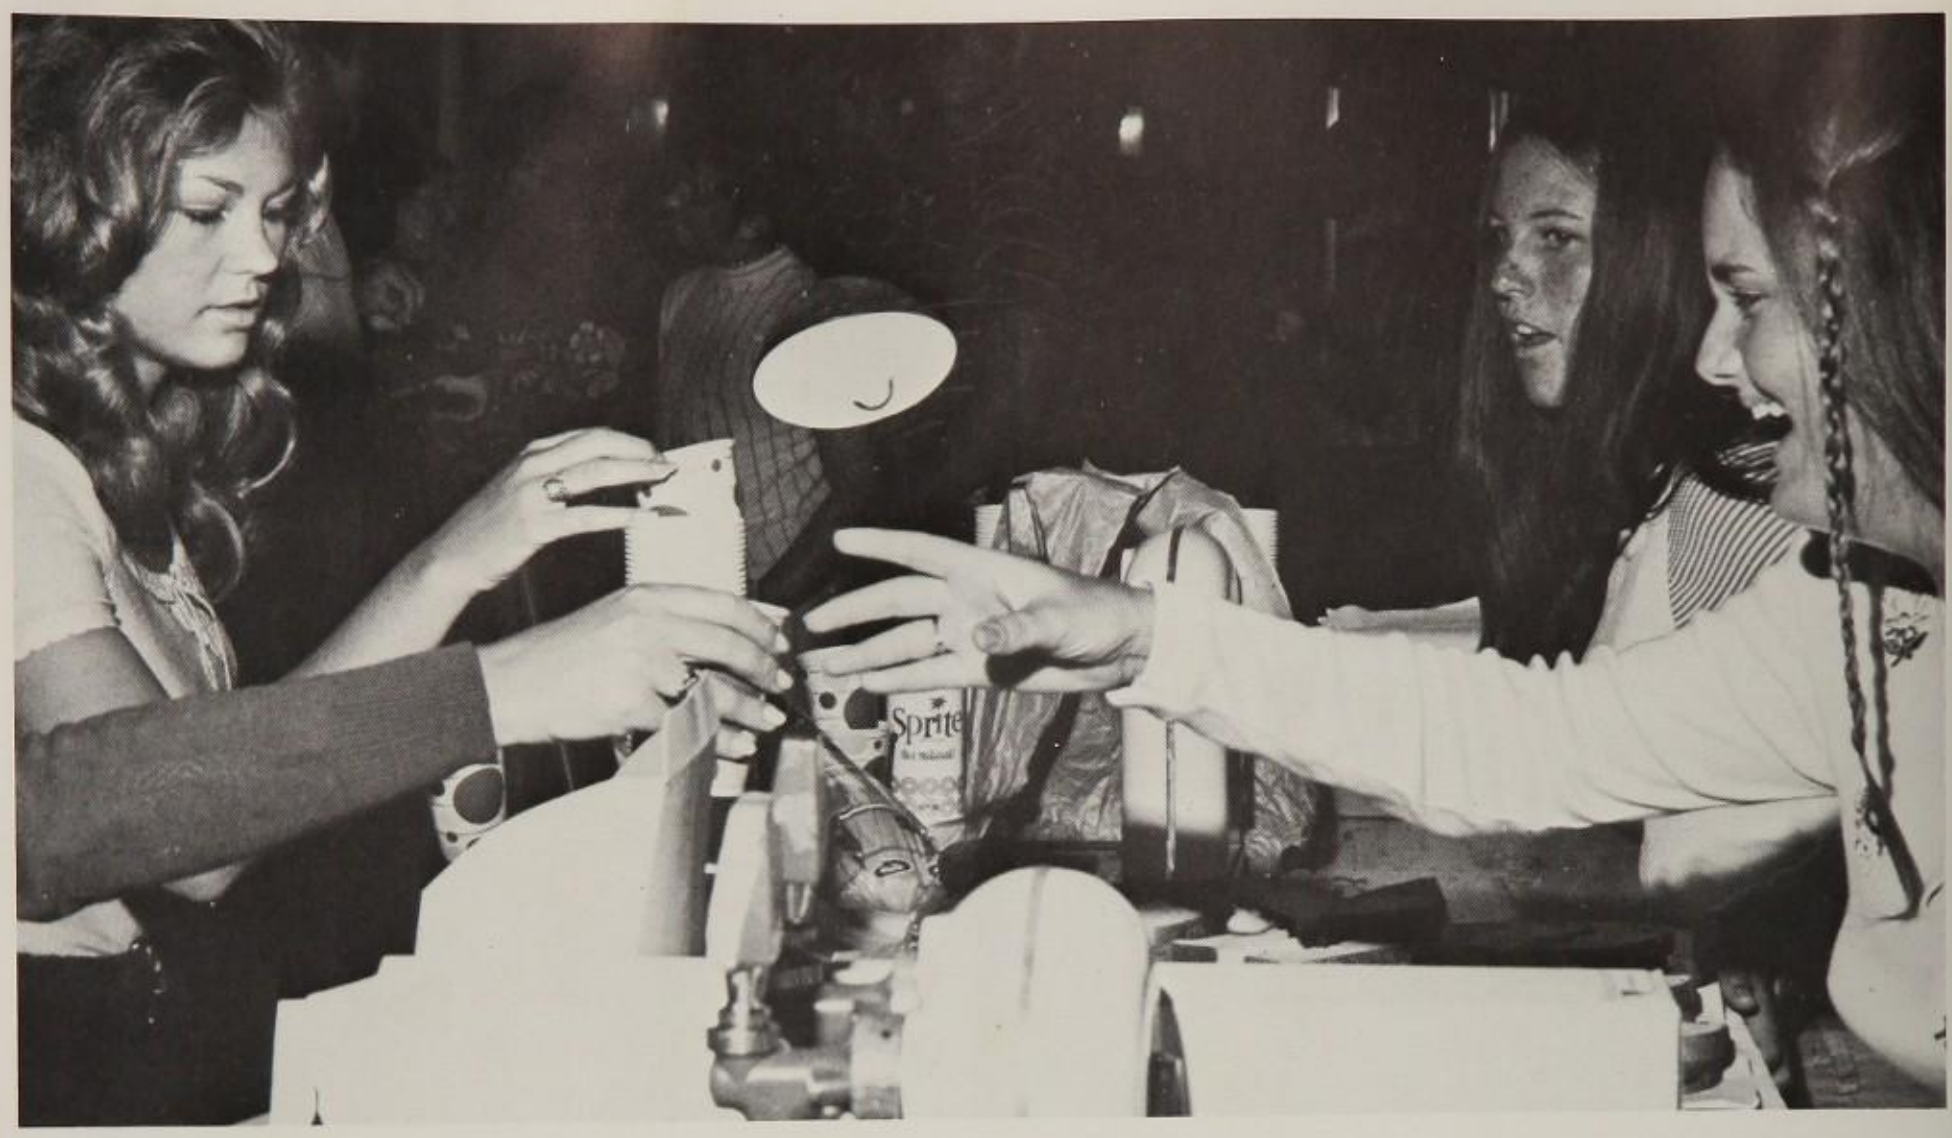
HAPPENINGS





Tevie Dante, Rubye Ridgeway, and Marsha Stern served refreshments at the Student Council sponsored dance in the North Miami Armory.

Pre-School Activities Cured the Summer Blues

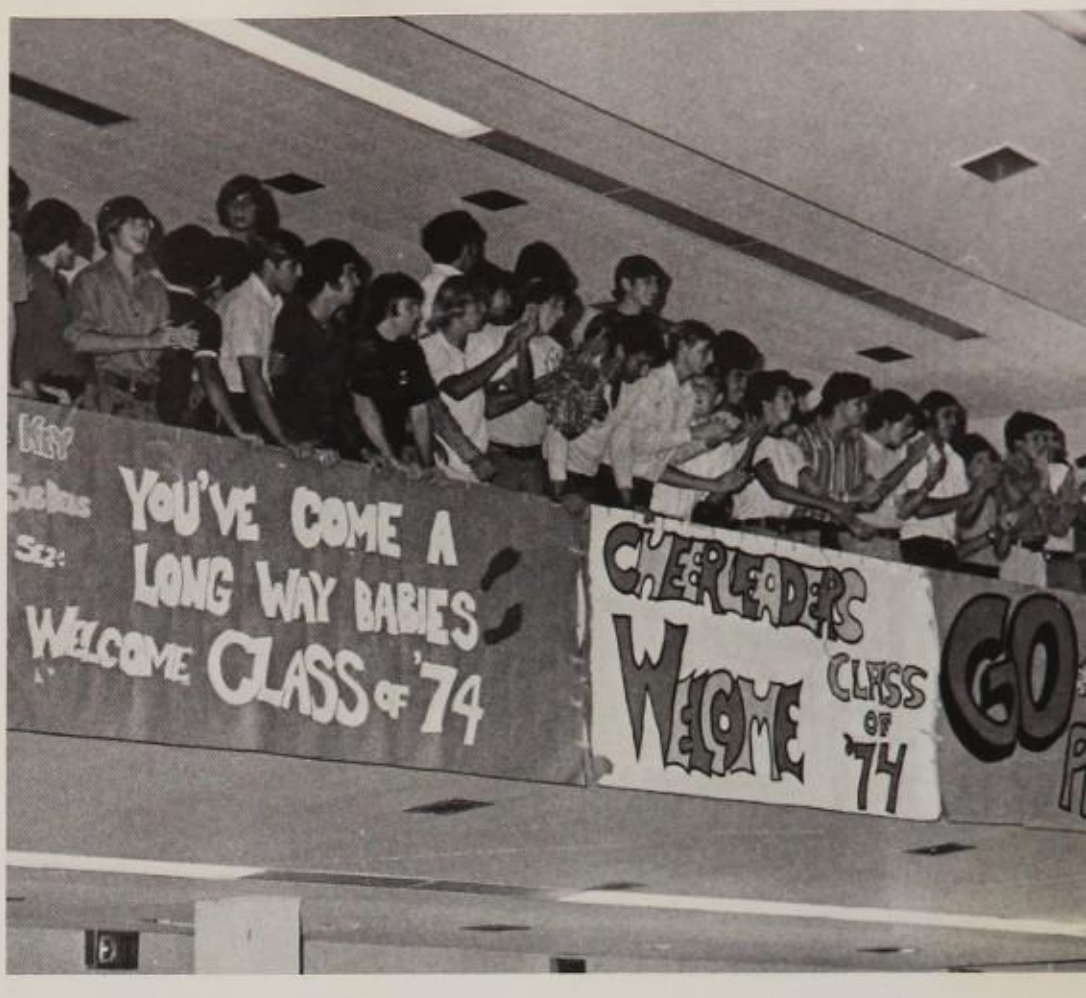
As summer vacation came to an end, Pioneers anticipated the start of another school year. For seniors, it was the final year of high school, but for sophomores it was an altogether new experience.

The 1971-72 year started off with a unique event, the Senior Smash. This was a chance for all upperclassmen to get together before school started. The entertainment was excellent, and it was terrific to see familiar faces.

The annual sophomore orientation was held in the auditorium to introduce the Baby Pioneers to our school system. Service clubs, student council, and senior consultants were present to greet the class of '74 with a shower of spirit. It wasn't long before the sophomores got into the swing of things.

Students and teachers enjoyed themselves at the Senior Smash.

Lettie Bien introduced Nara Salomao from Brazil.



Upperclassmen gave the new arrivals a big welcome.

It was a great day for the sophomores — at last they were to become North Miami Pioneers!

Steve Jones spies on Susie Langer as she sells S.C. "Go tags."

Finding your own note in the mess on the clip board isn't easy.

Juniors were anxious to see which class ring they might order.

Eyes lit up and the crowd came to life in the Senior Section as the team came close to another touchdown with seconds left in the game.

Pep Clubbers were excited when they finally got to do their thing.

Band members couldn't wait to get off the bus and on the field.

NM Pioneers Get It On, To Make '71-'72 The Best

Along with the new year, a new team, and a fresh student body there were still a few things left; like the noisy band bus on the way to a game, and the rowdy senior section that could undoubtedly cheer the loudest.

But this year North Miami took on something new. The Pep Club was anxious to share a part in the excitement and the clamor for a Pioneer football team victory.

Homecoming Week Biggest and Best Yet

Mayor J. Robert Hough Jr., officially proclaimed November 1-5, 1971, as North Miami Homecoming Week. The week long celebration, planned by Activities Director Harvey Gulkis with Student Chairmen Linda Parvin and Penny Weiss, gave students an exciting, colorful week of activities.

There was a bonfire Tuesday night at Pepper Park, a parade on Thursday, an SRO Pep Rally in the auditorium Friday, and the traditional football game that evening.

The parade, held the night before the Hialeah-North Miami game, consisted of original floats depicting the defeat of the Thoroughbreds. Octagon and Honoria won Best All Around for "Knock the Jockeys Off the T-Breds."

Our school colors were displayed Friday when everyone wore green and grey for Color Day. The Pep Rally marked the debut of Boggy's Band starring such well known musicians as Mr. Boggy on the bass drum, Mr. Duncan on the snare drum, Mr. Gulkis and his tuba, Mr. Findley at the trumpet and Mr. McCray on the cymbals. Miss Mann and Mrs. Steinberg were majorettes.

The "Sexiest Legs on the Football Team" contest was won by John Spencer. Paul Ripa was runner-up.

Meanwhile, Senior Beanies were sold all week for Thursday's Senior Class Day. School Spirit Week ended Friday with Color Day, the day we showed our school spirit by wearing green and gray.

Pride Begins at Home With NM's Clean-up Day

The students came prepared to really work, bringing soap, rags, mops, and brooms on Clean-Up Day, November 19. But we didn't just work that day; there was plenty of fun and games mixed in-as the halls of North Miami began to shine.

Our captain called over the intercom for "All seamen come swab the decks in front of room five!" and asked the missing palm tree to "Please come back!"

Later in the afternoon, after hearing about our industrious efforts, WPLG-TV, Channel 10 in Miami, showed up to film us at work for their 10:00 p.m. news program. They found North Miami's trophy cabinets shining, classrooms looking cleaner, clear water in the frog pond, and green grass replacing the debris on the lawn.

Clean-Up Day was a success!

Prominent leaders of all school organizations, from student council to marching band, attended the banquet. Among those present were Laurie Adler, Jim Ayers, Bob Merlin, Lee Smith and Marilyn Miller.

Our Leadership Banquet Honored Today's Leaders

The night of October 12 was set aside on the school calendar for the annual Key Club Leadership Banquet, held at the Rocky Graziani Restaurant. Almost 150 representatives from both service and interest clubs listened attentively to Commissioner Joyce Goldberg speak about the various duties of being a Metro Commissioner. Josh Rodstein, president of Key Club, was host of the annual function.

Josh Rodstein gave Mrs. Goldberg a Certificate of Recognition.

The week preceding the dance, Key Clubbers were busy selling tickets, while Sub Debbers made decorations. As usual, Max Scherer, North Miami's very own Santa Claus, made the scene to enlighten the Christmas spirit.

Entertainment was provided by Game, a popular new band in Miami, along with a slow dance band. The Key Club Calendar Queen, Kathy Lytell, was crowned, and Key Club Princesses Louann Carroll, Tevie Dante, Debbie Phelps, and Susan Shirley were honored. It was a delightful evening for those lucky Pioneers who attended.

Our First Pillow Fight Was a Smashing Success

Campus Life and Key Club sponsored the first annual pillow fight January 13 at 7:29 p.m. in the gym. Competition between sophomores, juniors and seniors also included such events as a chariot race, an inner-tube pull and a sleeping bag crawl. The fact that Campus Life brought an electric chair "shocked" many people!

More than 100 students enjoyed the fight, and when it was all over the seniors reigned as victors.

The pillow fight was not only a new experience — it was a head smashing success.

NM's Campaign '72

1971 was a turning point for the students at North Miami, for they could finally vote in a national election. A large red, white and blue bus would park in front waiting to sign the new voters. Soon political posters appeared around the school proclaiming the advantages of each candidate.

We took an active part in America's political future during the '72 campaign.

A new club at North Miami, S.Y.P.S.O.L. — the Young People's Society of Learning — dwells on uniqueness. It takes unique ideas and puts them to good use.

The major idea of this club was to be pictured in the 1972 Conestoga. The club was formed one week before the Yearbook went to press. Members of the Young People's Society of Learning put aside their learning to earn club funds for their yearbook page. Their major plan has been successful: this "Happening" page features the S.Y.P.S.O.L. members, smiling proudly that they have fooled the yearbook staff. Or is it the other way around, has the Conestoga staff fooled S.Y.P.S.O.L.?

Seated in the graduating section, Seniors pondered their future as parents, relatives, and friends watched proudly.

Graduation at Last — A Step Into the Future

Graduation represented a lot of learning, memories, joys, tribulations — all a part of growing up, the goal of 12 years, reached.

Our Principal, Mr. Dale Boggy, proudly presented more than 1,000 diplomas to North Miami's Class of '72. Caps, gowns and singing of the Alma Mater brought the transition of student to adult.

The graduating seniors realized that a major decision in life must be now made: "Where to go from here?"

To put their thoughts into words — "It's our life to mold with opportunities knocking at every door. The goal is to work today for a better tomorrow. We are a symbol of hope for that better tomorrow. Prepared by parents, teachers and friends, we have become adults ready to successfully tackle the world."

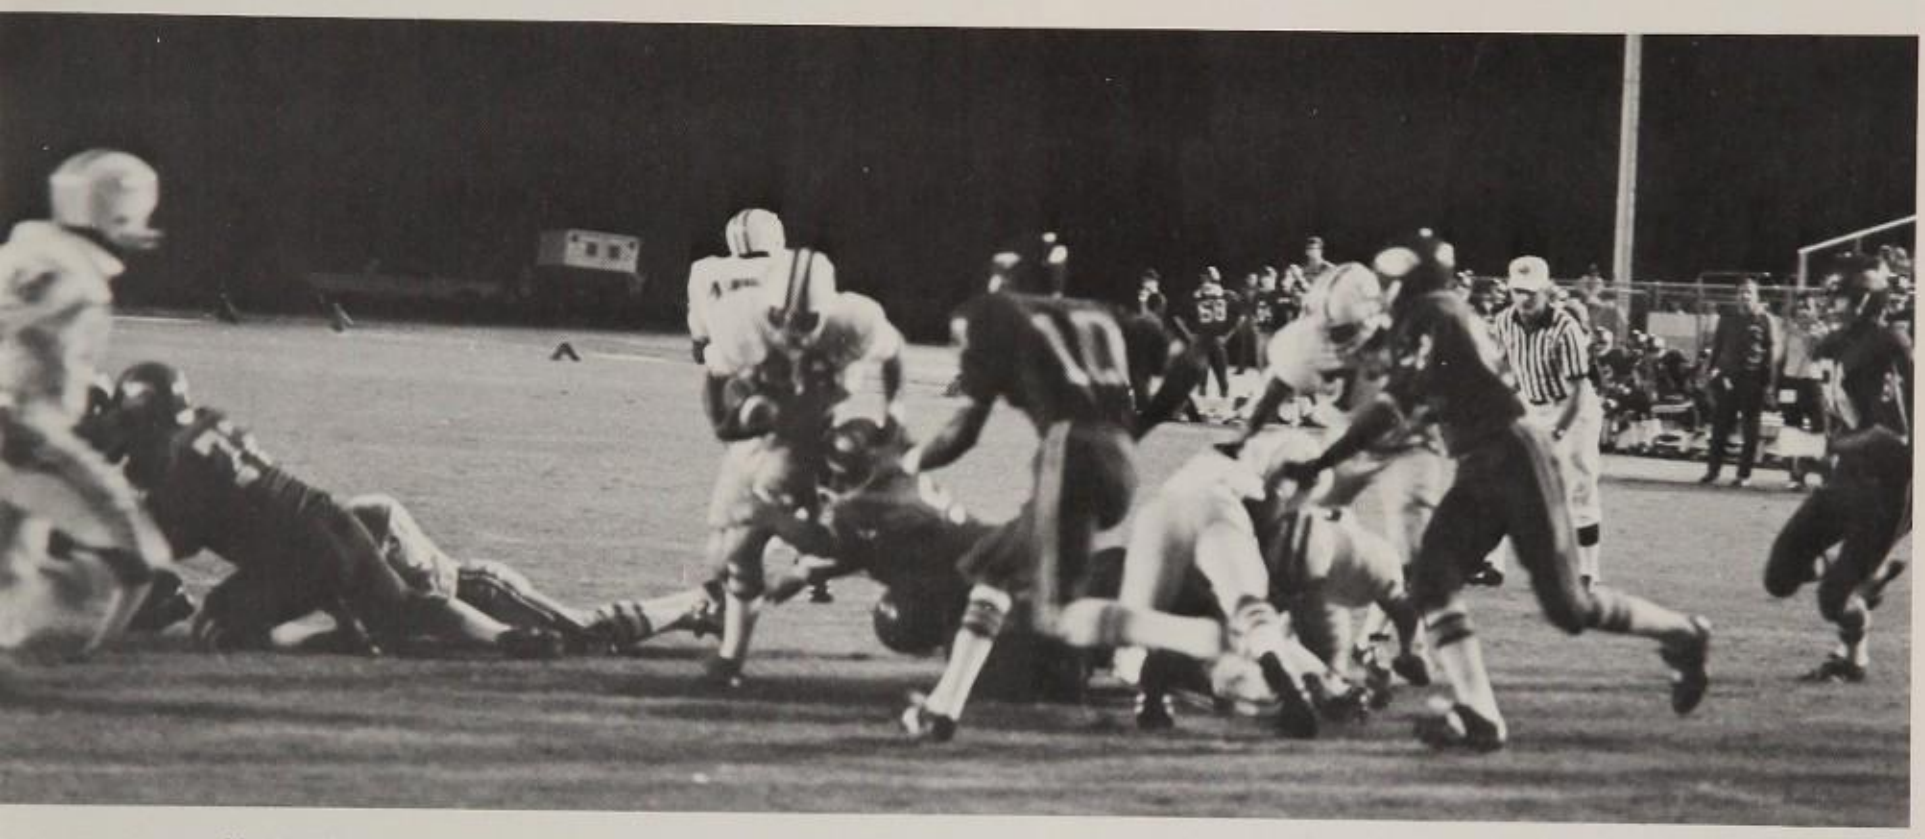
Defensive Backs

North Miami didn't have a winning record but they had a winning combination of defensive backs. Outstanding players were Elridge Mitchell, Jerry Hudson, Scott Caputo and Sonnie Smith.

The defensive back plays an important role on the squad, as he must know where the ball is at all times, whether it is a running play or a passing situation.

Sonnie Smith was out for four games with a shoulder injury, but came back in the last couple of games to be picked on the Miami News All Star team. Other defensive backs are: Steve Rosen, Randy English, Ken Dawson, Tony Delvecchio, and Mitchel Manday.



North Miami plugs up the Jackson hole as Elridge Mitchell (10) leads his teammates to stop the pursuit.

Jerry Hudson makes a diving attempt on a Springs runner.

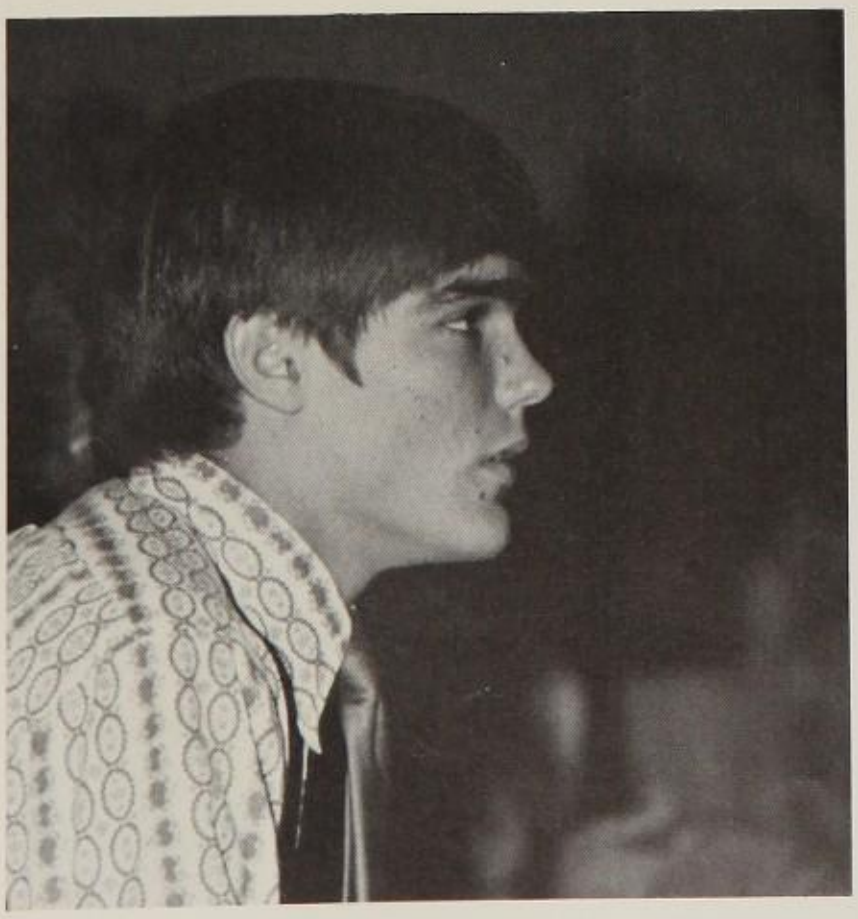
Sonnie Smith (17) gets a little help from his friends.

Quarterbacks

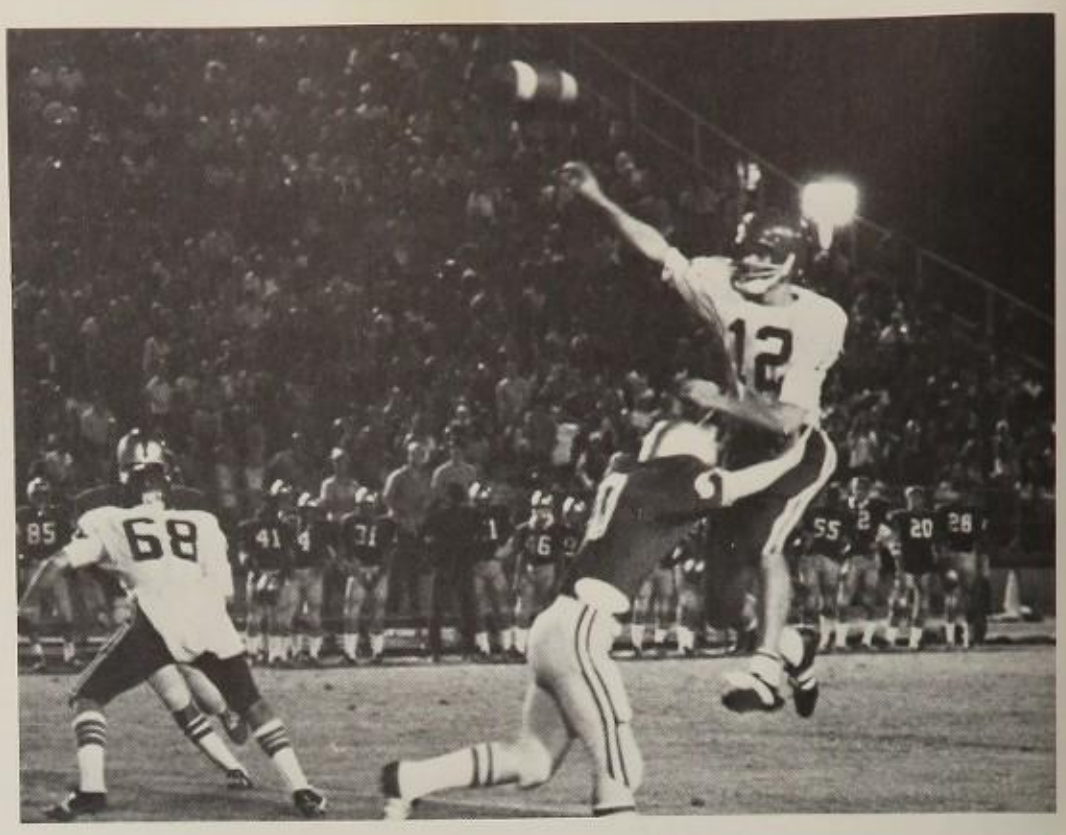
The position of quarterback was filled by Steve Pappas and Terry Fitzgerald. Fitzgerald took over when Pappas was switched to receiver due to a shoulder injury. Pappas made a comeback for the last game of the season when the Pioneers defeated the Carol City Chiefs 28-6.

The highlight of the season for Fitzgerald was a long pass for the winning touchdown to tight end Pat Dougherty to beat arch rival Norland. The Pioneers were the only team to defeat the Vikings in the regular season.

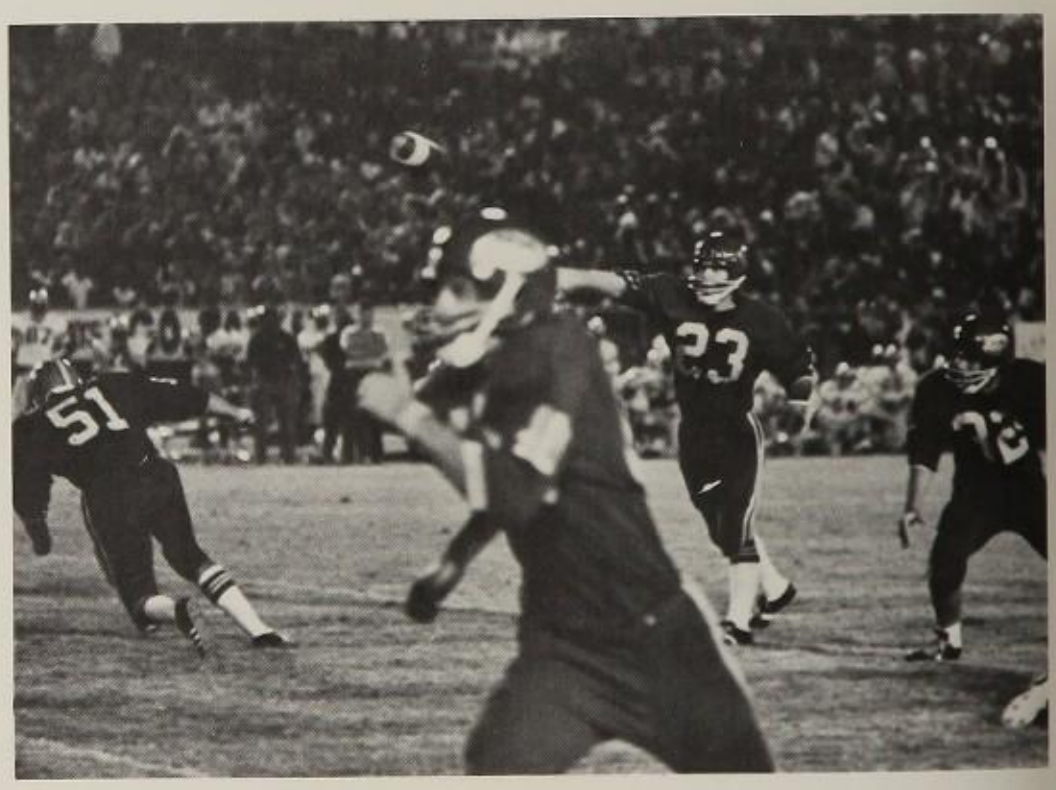
Terry Fitzgerald called the signals for the Hialeah game.



Steve Pappas was enthralled by the activities at pep rallies.



Quarterback Steve Pappas completed his pass.



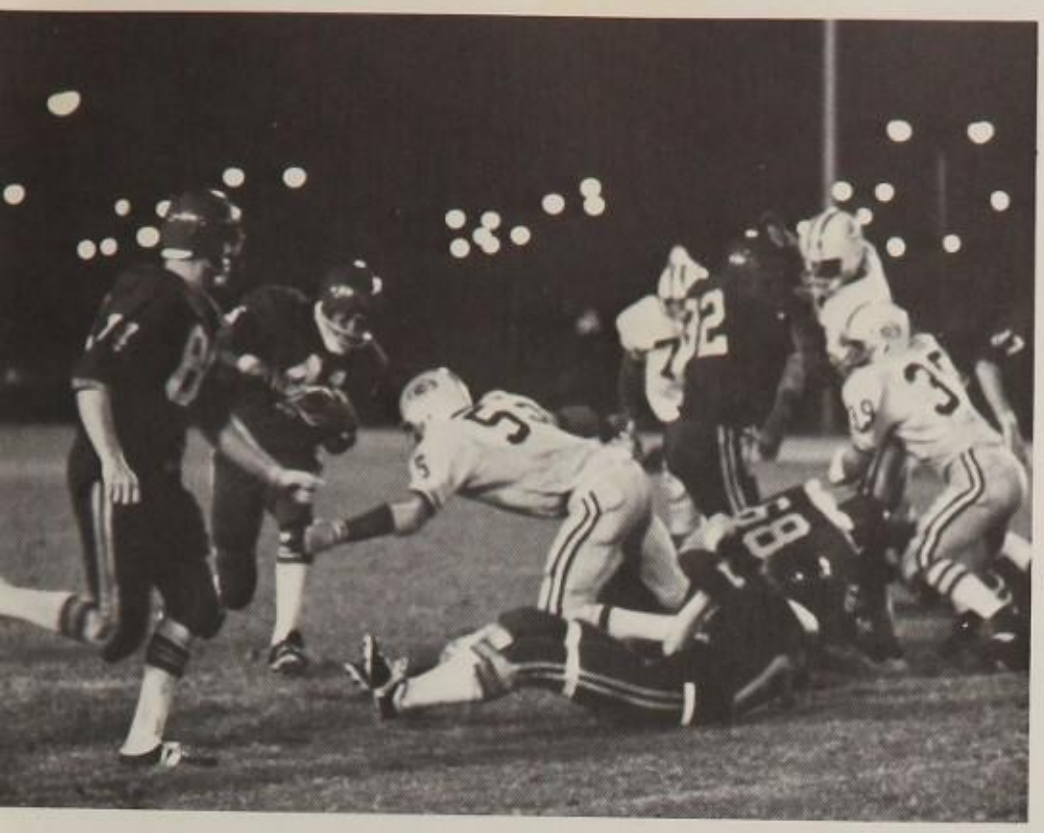
Quarterback Terry Fitzgerald threw long and got excellent pass protection.

From quarterback to quarterback as Steve Pappas caught a Fitzgerald pass.

Running Backs

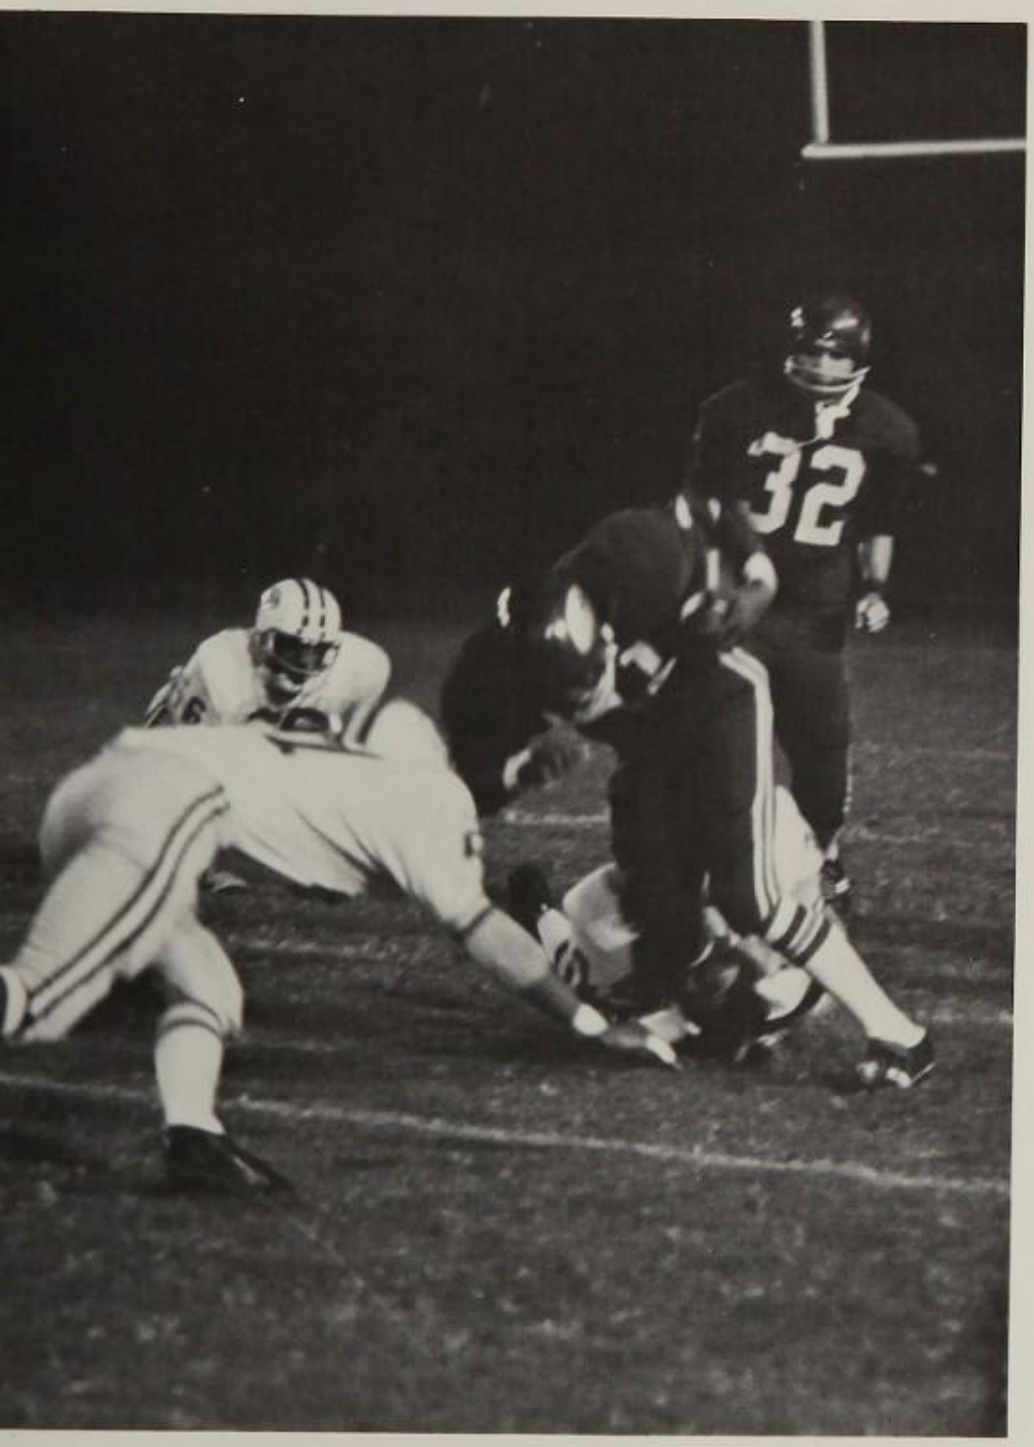
The running back at North Miami plays an important role towards the outcome of the game. The outstanding Pioneer runners were Pat Hadley, Carlos Alvarez, Alex Valdes, and Donal Ford.

Pat Hadley was the Pioneers leading scorer with two touchdowns and a two point conversion. Carlos Alvarez also scored two touchdowns. Alex Valdes was not only a fine running back but was also the Pioneers main punt returner. Donal Ford did an excellent job as a back this past season and should be even better next year.



Running back Pat Hadley went for long yards as teammates cleared the way.

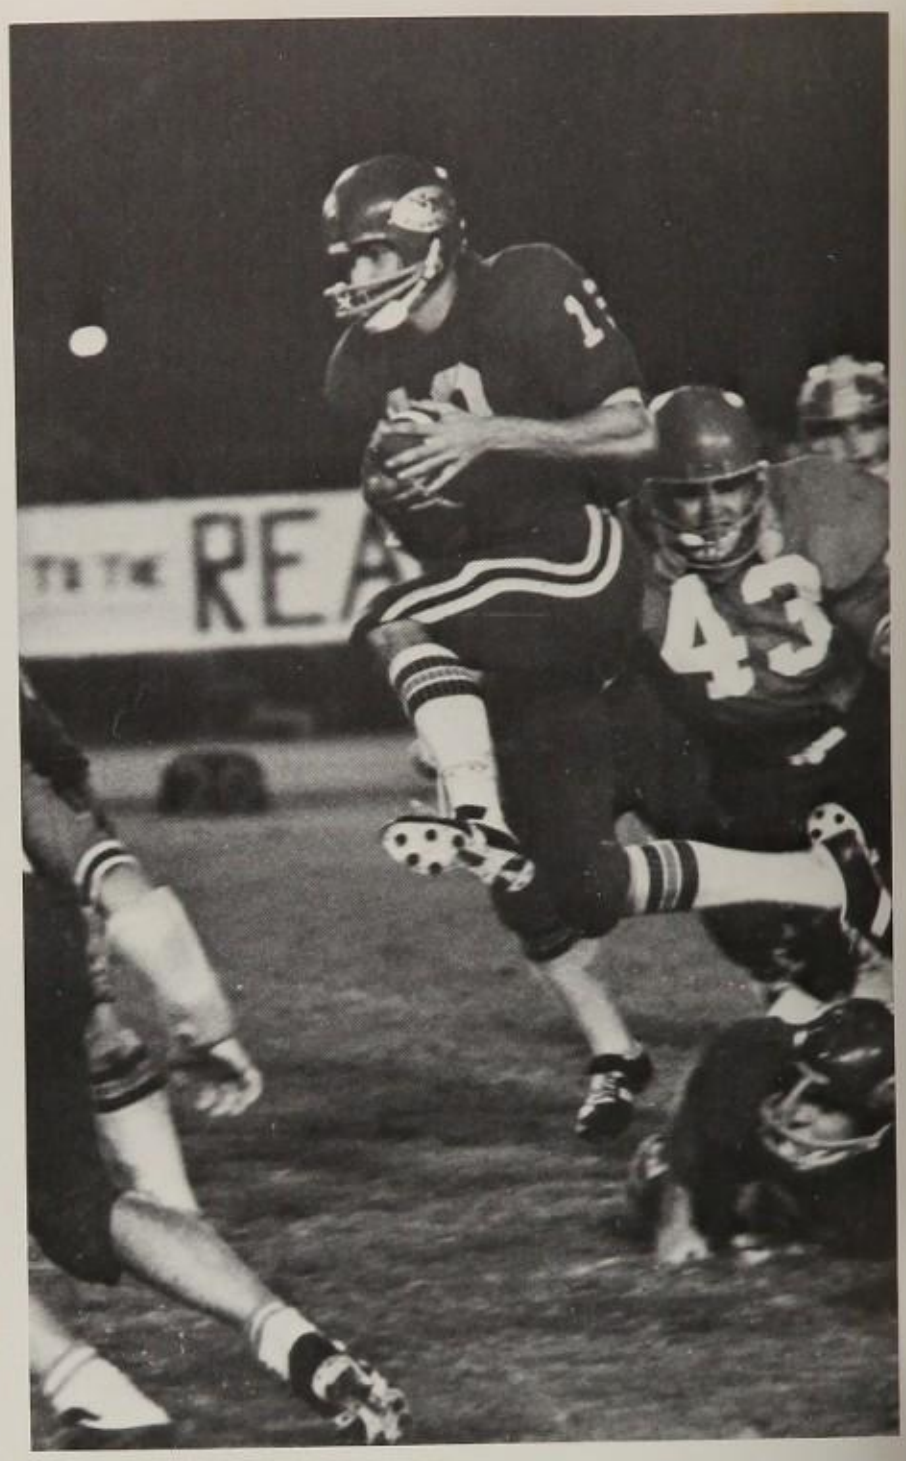
Fullback Donal Ford bolted ahead of the pursuing defenders.



ading ground gainer Pat Hadley did some of his own blocking as he ran.

Alex Valdes was gang tackled to spite his effort.

Eldridge Mitchell catches a pass and tries to outrun two defenders.



Steve Pappas hurdles through the air against the T-Breds.

Receivers

Less than two minutes remained on the clock when Pat Dougherty pulled in a Terry Fitzgerald pass for a touchdown against Norland.

This catch brought North Miami its biggest upset of the season, and its biggest win.

Although this type of play didn't occur in every game, more than enough passes were completed to keep the defenses honest against the run.

Eldridge Mitchell, Pat Dougherty, and Steve Pappas (later on in the season), all contributed to the passing game for North Miami this season.

Mitchell was one of the leading pass receivers in Dade County throughout the season. Pappas was particularly effective running with the ball after catching screen passes.

Eldridge Mitchell attempts to run after catching a pass on the 17.

ohn Spencer, Derk Rushing, and Frank Rich tackle a Jackson General.

The line holds Norland as Earl Cody kicks a field goal.

John Spencer sets his sights on Norland's endangered quarterback.

Linemen

Linemen are traditionally called the unsung heroes for the simple fact that they have the hardest jobs and get the least credit.

If Mark Poritzky, Pat Sullivan, Eric Schottenheimer, Paul Ripa, Roger Shaw, and Curt Salhsten had not performed as well as they did, the season would have been worse. These offensive linemen made the holes for the backs and gave the quarterbacks enough protection and time to spot open receivers.

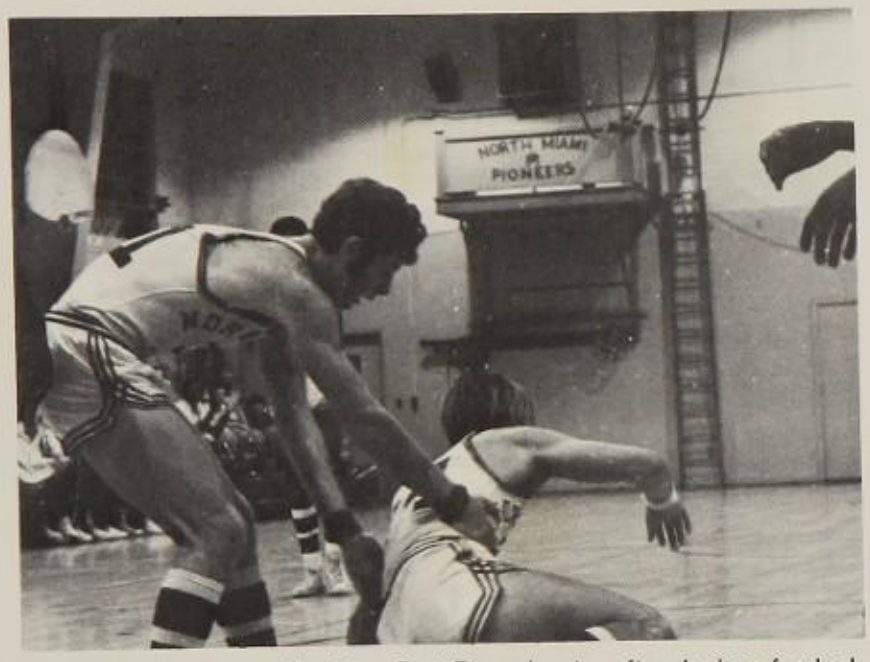
The defensive front five consisted of Derk Rushing, Frank Rich, Al Massa, John Spencer and Buddy DeJacomo. They consistently applied pressure on the opposing quarterbacks and plugged up the holes that the running backs were supposed to run through, all year long.

Basketball at North Miami Had Spirited Season

This past year the North Miami Pioneer basketball team was under the direction of a new coach, Reid Stevenson, and had a refinished gym floor along with bright hopes for the season.

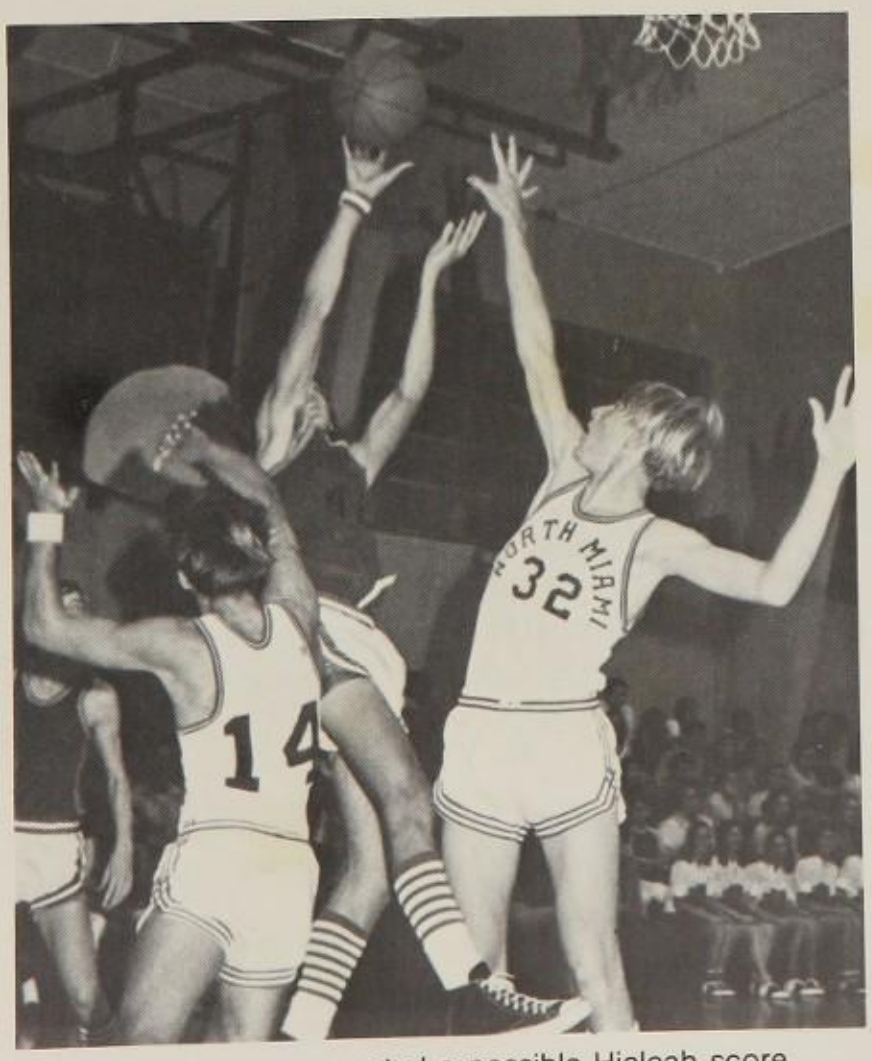
Their season started out slow, but the Pioneers never gave up this newly founded hope. Every player tried his best and the ever great spirited Pioneer fans kept rooting them on through the bad times as well as the good. The season didn't turn out the way they had hoped, but the crowd support was no different than if we had been state champions.

Senior Bob Romano was fouled in the process of passing.

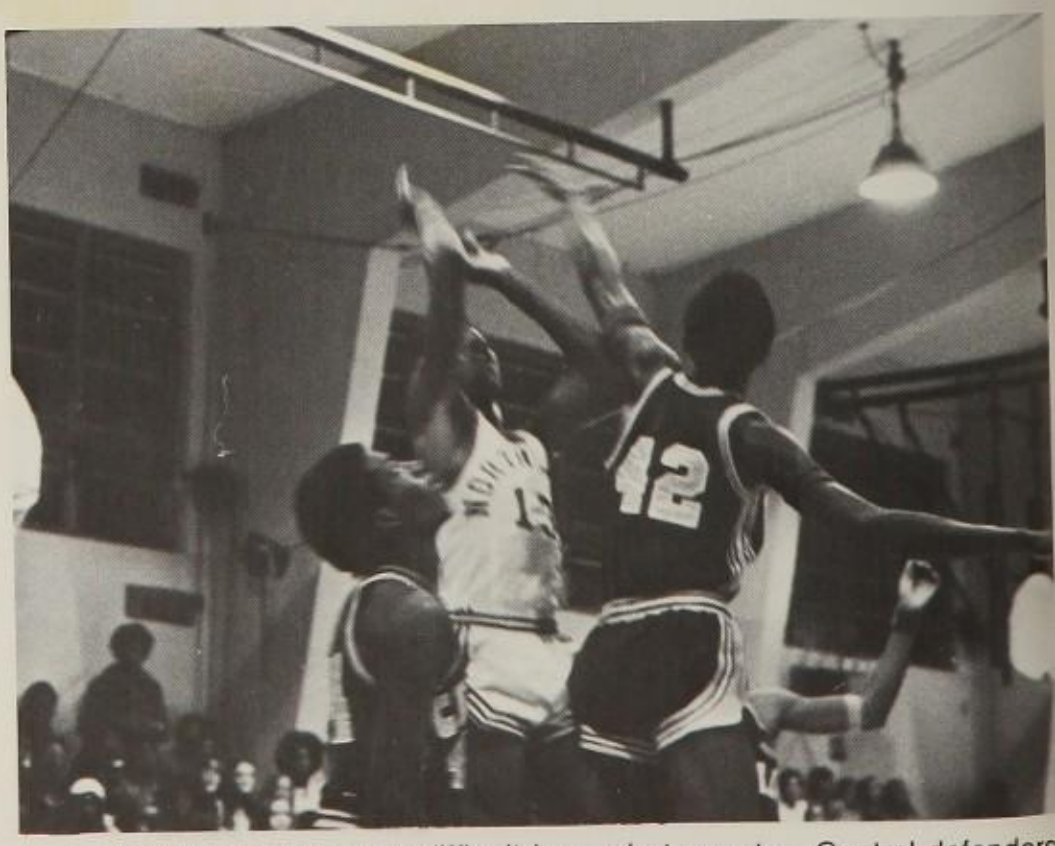


Steve Cook was aided by Pat Dougherty after being fouled.

Junior Pete Bisbano waited his turn in line during the Pioneer's warm-up.



Rich Neaves prevented a possible Hialeah score.



Junior Levi Williams made a difficult jump shot over two Central defenders

Steve Pappas showed excellent form.

Oh Well, That's the Way the Ball Bounced

Under the leadership of Captains Steve Cook, Dan Murray and Bob Romano the team was never discouraged. When they were down, they kept coming back.

Leading players for the Pioneers were Dan Murray, Steve Cook, Bob Romano, Bob Thompson, Pat Dougherty, Levi Williams and Steve Pappas. Returning players for next year are Bob Thompson, Levi Williams, Rich Neaves, Pete Bisbano, Tom Johnston, Mike Thorburn and Steve Seagraves.

Coach Reid Stevenson did a fine job coaching these young men and made the season a rewarding one for the team.

Pat Dougherty showed his excellent ability to retrieve rebounds.

J. V. Basketball Had Disappointing Season

Junior Varsity basketball did not have an outstanding season but they put forth their best efforts. The games they lost were usually by only one or two points.

This past year Junior Varsity, like Varsity, was under the direction of a new coach, Mr. Richard Rose. Coach Rose inspired the team to keep on trying and the players never gave up even when they were down.

During the summer JV players will try out for the Varsity team.

Outstanding players to look for with the Varsity next year are Butch Duncanson, Wayne Daday, Artis McDuffy, Jimmy Shannon, Alvin Cook, and Calvin Cook.

Junior Varsity Football a Total Team Effort

Quarterback Darrell Keatley calls the play in the huddle.

Mistakes in the key games were the main factors that led to the unsuccessful JV football season. Coach Sal Bello, in his first year as Head Coach of the JV's managed to give a lot of good athletes the experience and the training they need for varsity competition next year, even though they didn't have the best of seasons.

The team had several players who played on both offense and defense. These were Darrell Keatley, Jim Shannon and Razzie Smith. Greg Sahlston, Dave Wyatt and Frank Paver were the outstanding linemen. Other outstanding players were Mark Snyder and Eustace Duncanson, who played linebacker and wide receiver respectively.

Coach Sal Bello and his assistants, Fred Brooks, Tom Shaw, and Reid Stevenson, feel that they have provided next year's varsity team with a crop of quality athletes.

Early Injuries Didn't Stop the Baseball Team

Baseball was one of the many sports at North Miami to go under the direction of a new coach. Taking over this year was John Egan, and there were high hopes for the baseball team.

There were some setbacks early in the season with injuries to pitcher Terry Fitzgerald and outfielder Earl Cody, but this didn't hold back the Pioneers for long. Another problem was two star players missing practice and a few early games due to basketball. The two were Dan Murray and Steve Cook. Outstanding players were George Beyer, Joe Setticase, Nick Belmonte, Richard Indelicato, Dan Murray and Steve Cook.

At a track and field meet runners race around an oval track, kicking up cinders as they sprint toward the finish line. On a field in the center of the track, other athletes compete in jumping and throwing events. Track events include races over various distances, as well as relay and hurdle races. Field events test the athletes' strength and body skill. They include the high jump, broad jump, pole vault, discus throw, and shot-put. Leading the team in their own events were Pat Hadley, Donal Ford, Joey Hecht, Bob Merlin, Larry Blustein, Max Scherer and Phil Soliz.

North Miami had one of the best seasons ever under the direction of Coach Richard Gaskin.

The Four Horsemen of North Miami, with Coach George Miller at the reins, had already galloped to the lead of Dade County's Northern Division at midseason. They were expected to maintain this lead and carry it into the State Golf Tournament.

Senior Bill Bloom was the Captain of the team. He was joined by John Ramsey, John Schaffer, and Jeff Flit as the 'Four Horsemen' rode to victory after victory. The rest of the team was rounded out by Don Raskin, John Everett and Steve Jones.

The team practiced on Mondays, Thursdays and Fridays at North Dade and Skylake Country Clubs. They played two matches a week on their way to the championship.

Girl Bowlers Roll to Dade County Championship

This year's bowling team was one of the bright spots in North Miami sports.

The girls team was led by Captain Sue Malone who made All-City with a 175 average. Sue teamed up with Karen Intracaso, Nancy Perricone, and Linda Wesche to capture the Dade County Bowling Championship in the girls division.

The boys team finished second in the county behind a strong performance by Sophomore Stan Sprow who carried a 180 average. Captain Jim Rose, Jim Hilton, and Rory Stein all contributed strongly to the successful season.

Perhaps the biggest reason for the championship was the masterminding of Coach Jordan Sessler. When both teams were in second place in the county at the midpoint of the season, he promised them pizza if they won the championship. Obviously, the girls didn't give a second thought about their diets.

GIRLS TEAM — (Front Row) Sue Malone, Connie Urbana, Cathy Cova Karen Intracaso. (Back Row) Nancy Parsons, Linda Wesche, Nancy Per cone and Debbie Weinberg.

NM Wrestlers Gave Opponents Stiff Competition

This year under the direction of Coach Paul Fjell was one of the best seasons the wrestling team has ever had. The returning lettermen were Stephan Weinberger, Rex Morgan and Captain Howard Wacks. Along with those came such standouts as Jose Mathews and Paul Ripa.

The team had two outstanding Sophomores in Jose Matthews and Wade Stanborough. North Miami faced stiff competition when they met Norland and Northwestern.

In the first half of the season NM was sparked by comebacks which helped them at one time to a winning streak of four.

Paul Ripa recorded four pins in a row, all coming in less than one minute.

The soccer team was made up of a variety of ath-es. There were quite a few nations represented on e Pioneer Soccer team. There was also some of the mbers of the football team on the soccer team, ich was a great asset to the team.

Coach Sal Bello did himself proud, doing an excel-t job with fine group of athletes. Pioneer fans have ch to look forward to from the North Miami soccer m.

Cheerleaders

Since the beginning of Pioneer history there have been Varsity Cheerleaders. Throughout the years they have seen and cheered for many Pioneer teams, but that was all in the past. And now the 1971-72 Cheerleaders are history too, along with football, basketball, and other annual sports.

This year was an extra exciting one for the Cheerleaders. This added extra was having Junior Renee Sweeney chosen as Miss Teenage Miami.

Kathy Tedder was captain, Lettie Bien was co-captain of football and Mary Fanning was co-captain of basketball. The Cheerleaders had various fund raising projects including their annual Snow-Cone sales. Their faculty sponsor is Mrs. Sherry Reynolds.

Junior Varsity Cheerleaders Did Their Own Thing

Long tedious try-outs, sore legs, and then the climax, being chosen Junior Varsity Cheerleaders. This is how it was for Judy Loffredo, Martha Collins, Caroline Shelton, Lisa Schottenheimer, Debbie Schuster, Carol Jones, Wendy Criswell, Cindy Steadman, Susan Pope and Diane Larson.

Judy was elected captain and Martha, co-captain. These ten girls led the cheers at all Junior Varsity football and basketball games.

In the spring they competed with other hopefuls for the honor of being a Varsity Cheerleader.

Tenseness of the game showed in Caroline Shelton's face.

NM Coaches Are Field and Classroom Leaders

Once again the Conestoga presents the coaches at North Miami. These men help develop leadership qualities in young athletes. They are also quality teachers.

This year there was a few new coaches replacing those who went to the new schools.

Mr. Ed Sullivan resigned as head football coach and Mr. Jim Rogers was named to replace him. Mr. Sullivan remained Athletic Director and Mr. Frank Smith became Business Manager when Mr. Ward Burgess transferred to Hialeah-Miami Lakes.

Student Council

North Miami's most successful Homecoming program yet was organized by Student Council this year, under the direction of Mr. Harvey Gulkis, new Student Activities Director. The festivities included a bonfire and parade, along with the traditional football game and crowning of the queen.

This year's activities have included making up a handbook as an aid for students, sponsoring Spirit Week, holding a very successful school-wide Clean Up Day, collecting donations for the Greg Stead Recovery Fund, and holding elections for its District Representatives.

Student Council has put forth efforts to help the students of North Miami and the school itself since our school began. It consists of five officers elected by all students, and an Advisory Board chosen by the officers.

The officers are Jim Ayers, president; Lettie Bien, vice president; Linda Silverman, corresponding secretary; Tevie Dante, recording secretary, and Connie Hill, treasurer.

Promoting citizenship through helping the community is the goal of Civinettes, a division of Civitan International. This year members sold flowers to raise money for Sunland Training Center, had several bake sales, sold gray and green spirit shakers, and Claxton fruitcake.

At Christmas time, the Civinettes went to one of the local convalescent homes and serenaded the patients with Christmas carols.

Most of our Hi-Y members are athletically inclined. Examples are shown above!

Hi-Y

Hi-Y could be considered a spirit club for it supports all school activities. Some of Hi-Y's fund raising activities are candy and bake sales and car washes. The club lends a helping hand in beautifying the community, thus making it one of Hi-Y's worthwhile projects. The club also supports little brothers by giving up some of its time helping unfortunate boys who have lost their fathers. Hi-Y is definitely a club that helps others.

Honoria

Honoria's belief in having friendship between all members and having fun as well as many service projects has made it one of the most popular clubs at North Miami.

Honoria keeps busy with many sales during the year. These include the Pioneer Pamphlet and the sale of green and grey spirit dolls. The Christmas Season is welcomed with the sale of candy canes and on Valentine's Day much excitement and embarrassment is caused when Honoria members deliver "Singing Valentines."

Honoria also goes Christmas Carolling to hospitals and convalescent homes and works with the Channel 2 Auction.

The sponsor is Miss Melanie Missirlian and sweethearts are Robert Merlin and James Ayers.

This year Nara Salomao, the Foreign Exchange student for NM, became an honorary member of the club.

Interact

Last year Interact got under way with not quite half the previous year's membership. Still, under the direction of their president, Jay Shuster, they turned out fantastic results considering their size.

As a tradition of Interact, they filled and distributed Thanksgiving baskets to needy families and provided them with a Thanksgiving dinner that they would have been deprived of otherwise.

Adding to their success were the Student Telephone Directories, which were sold out.

Key Club

The major aim of Key Club is aiding the community — collecting for Muscular Dystrophy, helping with the annual Channel 2 Auction, Goodwill unloading, and working at the Sunland Training Center with its sister club, Sub-Debs. Key Club members participated in the March of Dimes Walk and recently completed a film on ecology. These are just a few of the activities which have been performed for the benefit of Greater Miami.

Many important school functions are created by Key Club, such as the annual Leadership Banquet, Christmas Ball and Road Rally.

Key's Calendar of Events keeps NM well informed, as does the club's wallet-size sports schedules and basketball rosters.

Thespians

Thespian Troupe #1774 of North Miami Senior High presented two major plays and a series of one-acts in the 1971-1972 school year. "Dark of the Moon" was presented in early February and in April, "Summertree" was done. All were under the direction of Miss Shelia McPhee, who was sponsoring this troupe for the first time.

In early May, the Thespian Installation Ceremony was held. Apprentices who had accrued 100 hours of working time officially became Thespians.

At the end of the year, the Thespian Award Banquet was held. Awards were given to the best Thespians on stage and behind the scenes who help to put a show together. This was the first time in several years that the banquet was held.

To raise funds, Chorus sold candles and candy.

Also participating in most of these activities were Girls and Mens Chorus. They performed in "Gates of Justice," the Annual "Messiah," school assemblies, the concert at the Villa Maria Nursing Home, and along with all chorus members, held the annual spaghetti dinner, and sold candles and candy.

Conestoga

Here is tangible proof supporting the rumor that there was a '72 Conestoga.

Well, there is indeed a '72 Conestoga because you're reading it. Aside from possessing a wealth of good logic, the Conestoga staff is a crack example of journalistic know-how. Seriously, it was a long and arduous effort on the part of the advisor, the editor, and the staff members. But frankly, we wouldn't want to do it all again. All through the work we realized the immense responsibility we had to the readers. And after a series of handicaps (pictured on these pages) we succeeded in producing a yearbook. We are proud of our accomplishment, and we hope you enjoy it, this being the Twentieth Anniversary Conestoga.

THINGS WE'LL REMEMBER

Our mascot: Koala Bo Zonk . . . the missing sports-writer . . . "Anybody want doughnuts?" . . . "Who knows how to type?" . . . the generosity of Mrs. Hicks . . . late nights with layouts . . . zorped agin' . . . the case of the missing photos, all the world is buzzing . . . "Throw you a fish" . . . the banquet at Mr. Burger . . . Mimi . . . Borboto, the electronic zitzer . . . "is it daylight yet?" . . . Pete Collins, man of action . . . bamo.

"Yes, Santa, there really is a yearbook!" (Max Scherer behind the beard, and Mrs. Grant behind the glasses).

A LETTER FROM THE EDITOR

Perhaps along with the staff, more people contributed to this yearbook than any other. We would like to thank these people for all the help they gave.

First of all to our patient sponsor, Mrs. Grant, without whom there wouldn't be a Conestoga. Mrs. Hicks for all the help and kind consideration. Also for the third year in a row, Fred Pittman of the custodial staff. All the gang at Taylor, and the highly intelligent staff at Tooley. And so to Mrs. Grant, Mrs. Hicks, Fred and all the others, including the great staff, "THANKS." without these and a lot of other people the Conestoga could hardly roll to press.

At the schools, members were able to work with the young children in the same way they may in the future. Club members work 10 to 14 mods per week as Teacher Aides.

Working together, the members sponsor school activities such as American Education Week, Teacher of the Year, a brunch for all the teachers at the beginning of the school year and a luncheon for the most admired teacher.

As a service project to the school, the girls spruced up the teachers section of the cafeteria with tablecloths and floral centerpieces for each table. Under the sponsorship of Mrs. Jean Mallicote, club members sold stationery with the school seal to raise funds.

Pep Club

This year North Miami had a new club, Pep Club. But it wasn't all that easy. It all started in November of 1970 when 12 junior and senior charter members began to make the plans that eventually became an organized and spirited club.

All those painstaking efforts paid off when 30 girls lined up in formation on the field and cheered the football players through the "Pioneer Tunnel." The girls also mixed work with play by making colorful signs for both football and basketball players to run through. Along with this they added a spirited atmosphere to the NM gym by decorating for both basketball and wrestling.

Cheering, hard work and fun are the traditions that the Pep Club has striven for this year and hope to continue at NM in the years to come.

Pep Club members made and displayed colorful spirit signs for every Pioneer football game.

NM Marching Kazoo Band

The Kazoos, a spanking new club, sprang from the creative minds of Mike Richmond and David Goose in keeping with North Miami's theme of "Pride and Spirit in '72."

A group of lively seniors and a few juniors formulated a varied repertoire including such favorites as "Soul Finger," "Pioneer Fight Song" and "Harvey" (dedicated to Mr. Harvey Gulkis, their Zoo Master and sponsor).

This group of talented musicians was featured at pep rallies, and — seated just behind Pep Club, another new spirit group — performed at all football games.

The leader of the Kazoo Band was Bland Captain Steven Jones, supported by Hum Majors Joey Hecht, Bob Merlin and Bruce Rubin.

David Goose served as First Quartermaster and Jim Ayers, First Arranger.

All others (everybody was an officer!) were second lieutenants, and everyone was guided by the Chief Zoo Master and sponsor.

The tools of the trade, three kazoos.

"Soul Finger" was played at the pep rally.

WE'VE GOT A JOB TO DO!

—JUDY BARRY

Well, here we are again—back in school for another year of hard work!

No? Our school is not complete, but think how it will look when it is finished. Won't it be beautiful? A school of which we'll always be proud. And we have the honor of being the first students to work in it!

Yes, we are to be the very first, and if you will stop and think a minute, you'll realize that we have a very big responsibility. It is up to the first students in any school to build the traditions for the others who will follow. It's up to us to see that our institution is a strong one!

The foundation of our school should consist of four things: School spirit, sportsmanship, reputation and high scholarship standards.

A good school spirit is first. We've all heard students from other schools complaining that their school didn't have school spirit. So, it's up to us to get behind our school in all of its endeavors.

Bryan wants nice clothes, but their sportsmanship. Win, lose, or draw—Bryan ranks always come off the field as a blaze of glory. And I doubt that any school could show a better example of sportsmanship than had been displayed on Bryan Day. And let's not forget that sportsmanship on the field is only as strong as the influence it has on our everyday living.

We want to become known as a school consisting of mutually loyal men and women—not rowdy children. If a visitor comes to our school we want to be sure that he goes away with the feeling that he has been in the midst of men-agers who will assuredly help to mold the future of our country.

Of course if we follow the pattern of sportsmanship, good manners, school spirit, and the others, we can't help but have a high scholastic rating. But wouldn't it be a good beginning if we all read and a little harder this year to have the best grades we've ever had!

As you can see, we've got a big job ahead of us. It is up to us to set down the traditions which will be followed by the thousands—possibly hundreds of thousands—of boys and girls who follow in our footsteps.

Do you think we can do it? I know we can!

OUR NEW PRINCIPAL

—ANNE WILLIAMSON

"I was amazed at how smoothly the registration went considering the difficulties of construction" said Mr. John C. McGuire, our principal.

Mr. McGuire, who believes in teaching children to do better the things that they are going to do in later years, thinks that this will be his biggest year in the field of education.

Our principal received his B. S. degree at the University of Miami in 1928 and earned his Master's degree at Columbia University in 1934.

His most exciting experience was at Hazelwood in 1927. Then our principal went to Miami Beach Senior High School, where he taught until he went into the service. He returned to Miami Beach for one year after being discharged from the service.

It was at Pollard Elementary that he was appointed to his first principalship. After two successful years he was transferred to Opa Locka Elementary. It was another two eventful years before he received the appointment to our new school.

Our versatile principal was born in Ft. Smith, Arkansas on February 14, 1905. He is married and has one daughter, Terry Lynn, who is eleven.

Mr. McGuire believes that Edward L. Constantine will not only be the most beautiful school in Florida, but will also be the best and most well liked.

Student Council Officers

I am really proud and happy to be the first Student Council President of this fine new school, and will sincerely do my best to live up to the responsibilities that go along with the position," said Penny Jennings.

Didn't enough this is Penny's second time as president of the Student Council. She held the distinction of being the first girl ever to be elected to that office in William Jennings Bryan.

Other officers are: Butch Grubbs, Vice President; Carolyn Bell, Recording Secretary; Vonnie Fox, Corresponding Secretary; and Ned Randall, Treasurer.

Penny, Carolyn and Butch are ninth graders, while Vonnie and Ned are in the eighth.

CONTEST

Hey Kids! Here's your opportunity to win five dollar words of prizes.

Our school is badly in need of a nickname, and our school paper must have a title. We are running two contests, one for the name of the paper and one for the nickname of the school. Each contest winner will receive five dollars worth of prizes. And there will be a second prize of two dollars for each contest, plus awards of one dollar for the next five best entries in each contest.

You need not enter both contests to be eligible, but you may do so.

The nickname sample: Kinda's school or original, catchy and appropriate name for the paper or a nickname for the school, and in no more than twenty-five words tell why you chose that name.

Entries may be submitted to your homeroom teacher or Mr. Lassen in room W-1. The contest ends three weeks after the first day of school, so GET BUSY!

Judges will be announced at a later date.

Guidance -- Not TRUANCY Says Mr. Henley

—BILL ELTRING

Before I walked into Mr. Henley's office I dreamed and my knees knocked together as any young boy's would when anticipating an interview with the new Dean of Boys. But immediately after being greeted by our new dean's friendly smile, I was put at ease.

"My job in guidance—not to be a truant officer!" were the first words of Dean Henley. Being a boy and having had some unhappy moments in Dean's offices I was a little surprised by his statement. But he went on to say that it is the dean's job to help boys—yes, even boys who get into trouble with their studies!

After an hour of conversation, Mr. Henley said, "I am very well pleased with the conduct of the student body and am eagerly looking forward to the coming year at school!"

He said that one of his biggest ambitions in school is making new friends.

Mr. Henley was the Dean of Boys at Kendall Park Junior High school last year.

Modern Dance

The purpose of Modern Dance is to give girls with dancing ability an opportunity to perform in public.

Tryouts are held in September and the daily practice sessions get under way. The dance routines reached perfection as the members participated in the NM Homecoming Game, Carni Gras and Forensic Follies.

From the sale of snow cones, bagels, and baked goods, the members earned money to purchase dance costumes. The girls also sold Pioneer Green and Grey key chains to help promote school pride and spirit. They hope to make the key chain sale an annual event.

Seven North Miami students attend the George T. Baker Aviation school operated by the Dade County public schools. The day program is arranged to suit the needs of high school students, to prepare them for entry into the aviation trades.

Students attend from their senior high where a bus picks them up and transports them to the aviation school. They are instructed in general air frame and power plant mechanics, as well as welding, sheet metal and other aviation related subjects. The school is equipped with a technical and film library available to all students. All the most modern equipment is used for visual aids instruction.

Juniors Richard Cole, Tim Mauch and Charles Gottshall climb aboard the air force jet.

At the annual Dade County Youth Fair, they represent North Miami Senior High in Agricultural competition with other area high schools.

Throughout the year, F.F.A. members attend conventions in Tampa, Washington and Kansas City. During the convention, representatives compete in agricultural projects and attend lectures.

PERSONALITIES

Miss Conestoga

Not one but 10 Miami Dolphin basketball players and their coach, Alan Wilheim, chose Miss Conestoga 1972. Contestants were nominated by fellow students, and pictures of those receiving the greatest number of votes were submitted to the Dolphins for their vote.

The Dolphins selected Lou Ann Carrol as Miss Conestoga 1972, with Luisa Fernandez as first runner-up, Sue Cohen, second, and Marilyn Miller, third. The other four finalists were Barbi Cohen, Tevie Dante, Denise Miller and Sue Shirley.

One of the greatest honors at North Miami is to rank among the top fifty scholars. This ranking is determined by the grade point averages from the sophomore through the senior years in each subject. David Olifant earned the title of Valedictorian with a grade average of 4.275. Mark Trach, with a 4.250 average, was named as Salutatorian.

At graduation the top 25 are given the privilege of wearing gold tassels and robes. The "second 25" wear silver tassels and gowns.

1972 Pioneers

Conestoga presents the 1972 Pioneers — Lettie Bien, Louise Clark, Bob Merlin, Steve Pappas and Bob Taylor.

Each year the Conestoga invites faculty members to choose the seniors they feel best exemplify the true pioneer spirit of North Miami. This year they chose three boys and two girls who in their three years at our school have proven themselves leaders among their fellow-students.

LETTIE BIEN, "Best All Around" girl Senior Superlative, was co-captain of Varsity Cheerleaders, vice-president of Student Council, president of I.C.C., vice-president of Preps, Octagon Sweetheart and a member of Quill and Scroll and G.A.A. She plans to attend Florida State University.

LOUISE CLARK, "a full time student" in her own words, majored in Business Education. Highly regarded by teachers and students, she is never too busy with her own work to lend an ear to another undergraduate or to lend a helping hand to a teacher. She has a high B average and this year achieved two honor certificates for the first two grading periods. Louise plans to attend Florida A&M University.

BOB MERLIN, undergraduate student activities director, was one of NM's representatives to Boys' State. Elected the Senior Superlative who has "Done Most for NM," Bob was president of his Junior Class, member of Octagon, Honoria Sweetheart, a founder and chairman of the NM Youth Commission and served on the Dade County Community Relations Board for the Northeast District, NM Youth Opportunity Board and YFP. He was a track team letterman for two years. Bob ranks among the "Top 50" Scholars and will attend

STEVE PAPPAS, NM's Silver Knight Nominee for Outstanding Athlete, earned his letters in varsity football and basketball. He was co-captain of the football team last fall. He was also on the varsity track team. Steve was named "Best Looking" in the Senior Superlative election. He has been on the Honor Roll seven times, and was awarded a scholarship to the University of Florida.

BOB TAYLOR has been in charge of the PA system for two and a half years. As president of the Audio-Visual Club he is in charge of distribution for all AV material. A speech major, Bob is program manager and disc jockey for NM's own Station WBLT (W-Bob Larry Taylor). In the upper one-third of his class, Bob has a perfect attendance record. He will attend Stetson University and go on to law school.

The Heralds are as much a North Miami tradition as the graduation itself.

This year's Heralds were Lettie Bien, Felicia Bradshaw, LouAnn Carroll, Barbi Cohen, Susan Cohen, Tevie Dante, Mary Fanning, Suzy Grossberg, Rhonda Pike and Judy Shaw.

She first taught Spanish at an elementary school in California, and has been at North Miami for 16 years. This very popular teacher became sponsor of Beta national honor society last fall.

A warm, friendly, dedicated teacher, Mrs. Nicholas believes that "teaching is exciting and fun — as well as challenging and dangerous!"

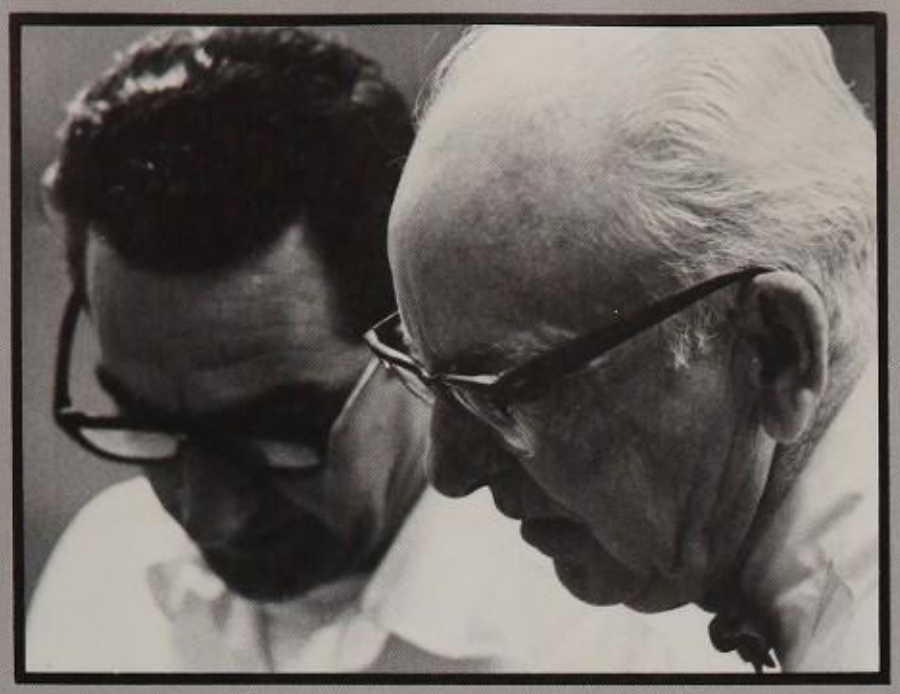
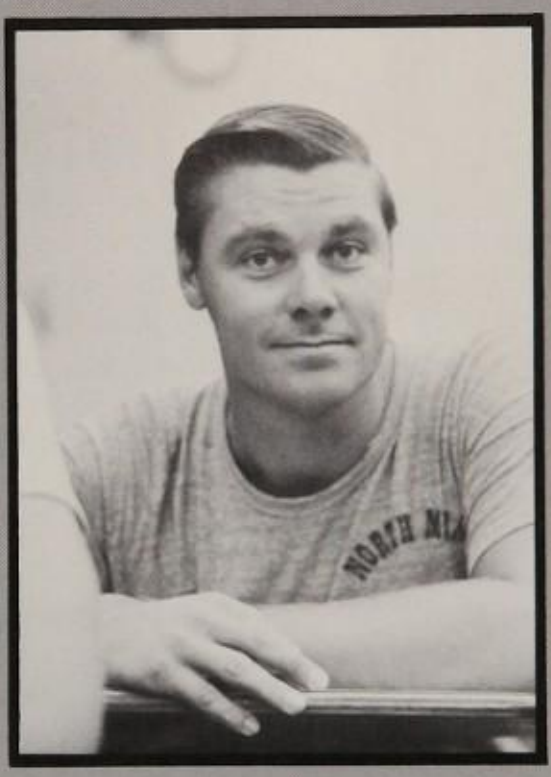
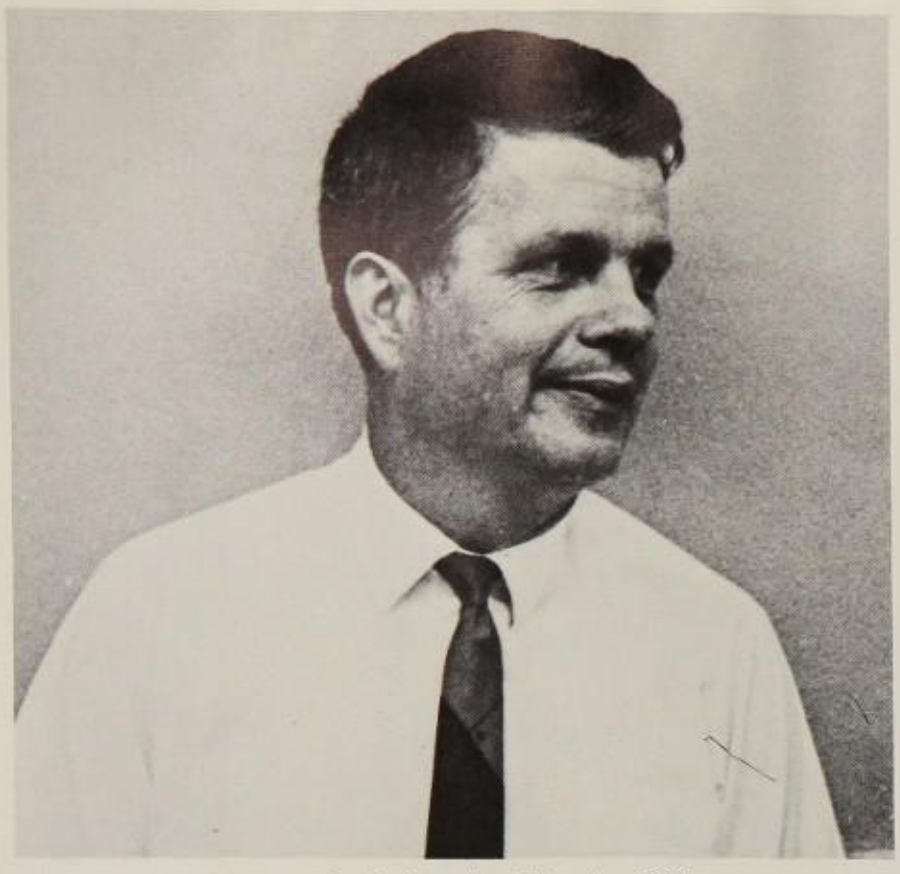
FACULTY





N.M.'S FIRST FACULTY 1952



A new principal took office in 1965.

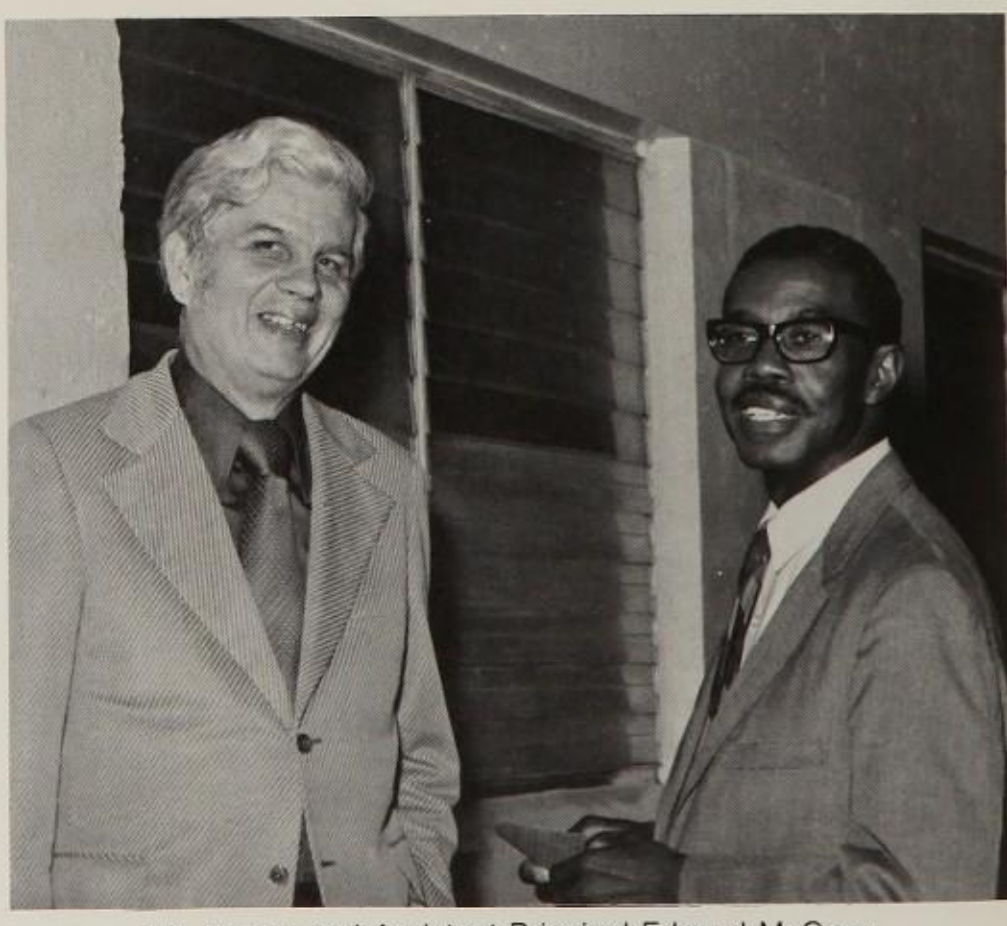
Our Principal

Down through the years of his leadership our principal, Mr. Dale H. Boggy, has been held in the highest esteem by the many students of North Miami. A strong advocate of NM's advanced modular scheduling system, he fought to retain it when the concept was challenged. In 1968 the gym parking lot was officially proclaimed "Boggy Boulevard" by the students. Time and time again letters appeared in local newspapers praising him for his leadership and personal commitments.

A great supporter in the concept of education, he tries to provide each student with the best quality education obtainable. He can often be seen holding hallway conferences with teachers and students, learning firsthand the problems and comments concerning the school. Mr. Boggy truly is North Miami's Number One Pioneer.

Mr. Boggy at Back-to-School Night

"Of course I've been good," he says with a grin.



Mr. Boggy and Assistant Principal Edward McCray

Principal Dale Boggy — circa 1966

Since its conception in 1955, North Miami has functioned under four different administrators. These past principals, John C. McGuire (1951-57), Paul A. Davison (1957-59), Wilfred E. Rice (1959-65), worked hard to establish North Miami's prominence in Dade County.

In 1965 Dale Boggy came to the home of the Pioneers hoping not only to establish NM as a prominent school in honors and awards, but also to develop a true pride in the phases of education offered here and to improve the system of instruction so that it enables the student himself to gain all the knowledge he can.

The responsibility of running the school is a mammoth undertaking to be sure. This responsibility has been in the capable hands of Mr. Boggy for the past seven years. But perhaps the greatest asset he possesses is the deep and true personal involvement he displays every day — the ability to patiently listen to any problem ranging from a friendly chat to a pressing emergency, and reach the right and fair decision. Our principal is loved and respected at North Miami.

"The No. 1 Pioneer does his thing"

"He's just a real nice guy, you know . . ." — a student

Administrators

The administrative staff, working with Mr. Boggy, handles the responsibilities of North Miami Senior High. Each is in charge of a specific area, working for the overall success and efficiency of the school.

Mr. Paul Duncan and Mr. Edward McCray are Assistant Principals in Administration, in charge of attendance and discipline for our school's 3,000 students.

Dr. William Findley and Mr. William Lewis are Assistant Principals in Curriculum. Dr. Findley is in charge of curriculum for academic subjects, and Mr. Lewis directs the many vocational subjects offered at NM.

Mrs. Elizabeth Bragg is Assistant Principal in Guidance, coordinating all guidance activities.

They not only handle the paper work of their jobs, but each capable administrator takes a personal interest in the thousands of students they oversee.

Taking care of achievement and scholastic exams, changing scheduling to fit student needs and helping to solve the problems of students are all part of their daily work. They also advise students on the opportunities and advantages available to them, with special attention given to college and academic information. Business Education

The practical value of such courses as typing, bookkeeping and shorthand present students with good reason for enrolling in Business Education.

Other valuable courses are clerical office practice, secretarial, business English, office machines, record keeping, business math and business law.

New techniques in bookkeeping and typing enable students to work at their own rate. A complete library of video tapes and learning activity packages are used in helping students progress.

The Business Education Department, headed by Mr. Frederick Reed, has proved to be very beneficial to its many students.

Fine Arts Department

In today's society, the arts play a more important role than ever before in mankind's history.

"Expressing yourself" is not just a saying but the cornerstone of developing in everyone a true feeling of creativity and self satisfaction. In the courses offered at North Miami, not only the basics are taught but in each there are many divisions and opportunities. The wide fields of art, music, and drama, as well as a general background course of humanities, are offered.

Under the direction of Mr. Jeffrey Schleifer, Fine Arts is one of the most appreciated departments in the school.

Due to the many phases of the fine arts, students can find their own sources of self expression and fulfillment. Thus, the student pursuing a deep interest in the arts as well as one seeking an enjoyable and fascinating pastime, can be found enrolled in the Fine Arts Department. And often times the teachers are just as colorful as the courses they teach.

Foreign Languages

The Foreign Language Department of North Miami is proud to be headed by Mrs. Elsie Nicholas, who was selected as the 1971-72 Northeast District Teacher of the Year.

With all the advancement in planes, more and more people are traveling. This makes the knowledge of foreign languages indispensable.

Spanish, Latin, German, Russian, and Italian (offered on independent study only) are the various subjects offered by the eight foreign language teachers.

Resource Center times are assigned to each student of a foreign language. There the student can listen to special tapes, read literature on the subject, and get additional help.

Industrial Arts Department

In the many fields of education, none are more vital or indispensable than the industrial arts.

As the years pass the complexity and specialization of technology increases at an astounding rate. Often underrated, the industrial arts have to compensate with these ever growing demands. As more and more concepts and methods are devised for industry, so is the need for skilled personnel to run, repair, assemble and create these endless devices.

Drafting and woodworking are among the specialized courses offered. This department is under the direction of Mr. Robert Zellers.

Vocational Arts Department

Many of the most valuable courses North Miami has to offer are found in the Vocational Arts Department.

The aim of this program is to teach students a trade in preparation for graduation.

Courses such as Electronics, Automotive Mechanics, Cosmetology, and Aviation are just an example of the many trades students may choose to study. Many courses are also offered in Home and Family Life, which prepares students for raising and caring for a family in this modern world. These courses are available to both girls and boys.

The Cooperative Business Education program, offered to seniors, provides work in office occupations for those majoring in business education. The student spends morning hours in school, and at least three to four hours daily on the job.

The Vocational Arts Department is headed by Mr. Robert Lippman.

Language Arts Department

It is often said that English is by far the most difficult language to learn, partly because the language is always changing. To speak and write the English language fluently and creatively is often the key to success in the many fields of today's life.

Headed by Mrs. Phyllis Grissom, the English department at NM stresses behavioral objectives so as to obtain the maximum amount of creativity. This department contains everything from journalism to poetry. Along with the basic English courses, ethnic literature is taught to acquaint students with the many cultures around the world. To fully utilize the videotape facilities, television writing was started.

Journalism contributes the PIONEER and the CONESTOGA, while Creative Writing handles the KALEIDOSCOPE. Speech and Debate train students to become more verbally fluent.

Team teaching is used to provide a better and wider spectrum of the language.

Mathematics Department

In all fields of today's life, mathematics is essential. From the growing world of complex computers to adding up a grocery bill, some knowledge of math is required. Math stimulates our thinking and trains us to think through any problem which may confront us.

North Miami offers such courses as trigonometry, math analysis, and calculus for those who wish to exceed required courses. Our program also includes general math, algebra (1 and 2), intermediate algebra and geometry.

NM's Math Department, headed by Mr. Klaus Nordmeyer, helps students prepare to face the future in a world of mathematics.

Physical Education

If you're looking for a course which combines enjoyment with learning skills, physical education is for you. This year many new courses were offered in the Physical Education Department to help students build vigor, strength, flexibility, endurance, and balance.

Many new programs were also started this year. For the first time only sophomores were required to take Phys. Ed., but the program was offered to juniors and seniors as an elective. Female elective courses provided an opportunity to develop skills and experience necessary for leisure time enjoyment. Both individual activities and team sports were offered. Male elective Phys. Ed. courses were such leisure time sports as tennis, golf and surfing, along with team sports.

This interesting department is headed by Mr. Jack DelBello.

Library

For the past 20 years, North Miami High's library has been a valuable key to understanding for both faculty and students. Carpeted and air-conditioned, the library is a peaceful place where students can use its many resources to relax with a good book during a hectic day.

Mrs. Heidi Burgardt, head librarian, and her assistants not only help the students but keep our library neat, orderly, and most important, quiet.

The newest additions to the library are closed circuit television sets where students can either watch a required telecast, listen to rock music or watch presentations put on by the students themselves. This new addition has proved to be a very important part of our library for both learning and enjoyment.

Pioneer High

A new phase in learning opened its doors to Pioneer students last September.

Altogether in Pioneer High there are six teachers and about 190 students. An academic senate with four teachers, four students, and four parents are the governing body.

The whole idea is that the students choose what they want to learn and what teachers they would like to work with. Where the students work or when they study does not have to be at school or during school hours. A student can take as many courses as he wishes.

Only juniors and seniors were enrolled in the new program last fall, but hopefully the doors will be open to sophomores next year.

Some of the courses offered were witchcraft, women's lib, philosophy and religion. Mr. Homer Corn is chairman of Pioneer High.

Mr. Fredric Basnett, *Department Chairman*

Mrs. Palmina Cawley

Science Department

Any phase of science that a student can desire is taught by the nine teachers in the North Miami Science Department. Courses such as Biology, which deals with the study of the origin, development, structure, and functions of animals and plants; Anatomy, which teaches the structure of plants and animals; Chemistry, specializing in laboratory and chemical work; Physical Science, Aviational Science and the new Environmental Science which helps students relate to their environment, are all offered.

Mr. Frederic Basnett, along with being head of this department, is also sponsor of the Student Environmental Crisis Organization Club of North Miami.

Social Studies Department

It is the primary job of the Social Studies Department to impress upon students the heritage which they have inherited, the rights and privileges entitled to them, and the responsibility for making our country a free and peace loving one.

Social Studies are an integral part of the secondary educational system. Courses such as American History, World History, Government, Economics, Psychology and Sociology aid students in understanding our complex and changing world and the history of man from the dawn of time to the everchanging world of today is covered in World History, while American History views the growth and expansion of our country. Government and Economics view our way of life and the problems our country faces. Through the study of Psychology and Sociology we learn of ourselves.

Directed by Mrs. Doris Hutcheson, the Social Studies courses encourage us to become more interested in the world around us.

Teacher Aides

Teacher aides are important to departmental efficiency. They are a group of well trained personnel doing clerical work of various kinds around the school.

They keep many important records and files that are vital to the teaching personnel. They save the teachers hours of important time by running off the various communiques and stencils, and generally keep everything running smoothly. Students are perhaps more than anyone grateful for the work of the teacher aides.

Mrs. Charlotte Eisenberg,
Curriculum Secretary

Secretarial Personnel

Each day the school secretaries face a never ending barrage of work. They provide an essential service to both the faculty and students.

Typing, filing, operating the switchboard, keeping all records and assisting with report card distribution all fall under the duties of the secretarial staff. College records and registration are also part of their work.

The secretaries are well trained and responsible women who provide an invaluable service for North Miami Senior High School.

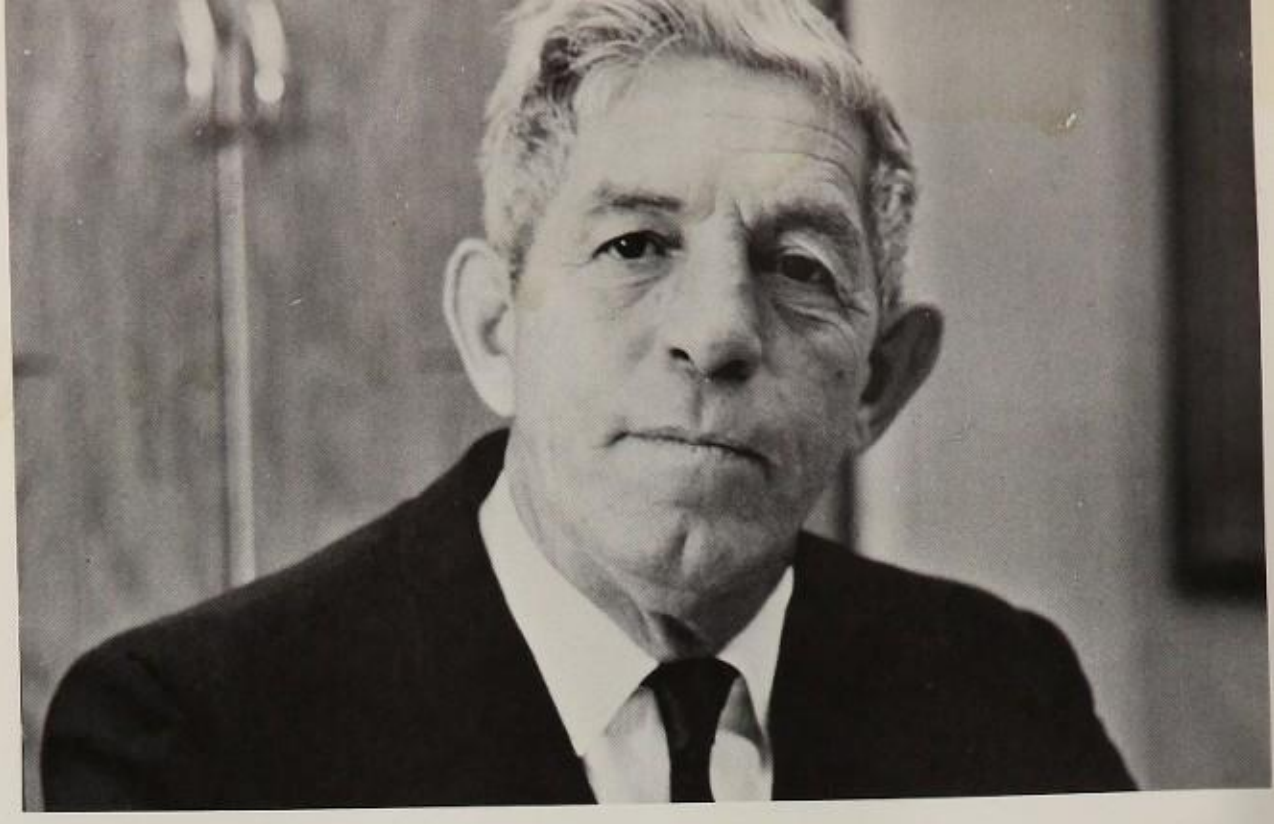
Special Ed.

Working with the blind, deaf, and physically handicapped is Mr. Marwood Stark. His job is an important one which takes a great deal of understanding and knowledge. He has devoted himself to his students since he came to North Miami in 1959, and his work is greatly appreciated.



Mr. Marwood Stark

Special Services

Keeping our school running behind the scenes are our custodial and cafeteria staffs. Under the management of Mrs. Katherine Rogero the cafeteria staff plans both breakfast and lunch for 3000 students and the faculty. The work of our custodians is also essential for the efficiency of North Miami. They are under the direction of Mr. John Gooch.

. . . you are a child of the universe
no less than the trees and the stars,
you have a right to be here.

Vibrations

Perhaps the one medium that influences the young mo
is music. We grew up with the sounds of the Beatles, ar
rocked out with the Rolling Stones. We thought that since
did play such a large part in our high school days we shou
delegate a page to it.

Whether it was a student in the patio with a guitar, or
local rock band in the auditorium, North Miami always ke
up with the happenings that took place. So years from no
we can look back and remember those quaint old tunes
Traffic, Mayall and Jethro Tull.

Even Mr. Boggy dug those crazy sounds

Farewell to you and the youth I have
spent with you. It was yesterday we met in a dream,
You have sung to me in my aloneness, and I of
your longings have built in the sky.
But now our sleep has fled and our dream is over,
and it is no longer dawn. The noontide is upon us
and our half waking has turned to fuller day, and
we must part.
If in the twilight of memory we should meet
once more, we shall speak again together and you shall
sing to me a deeper song.
And if our hands should meet in another dream
we shall build another tower in the sky.

Kahlil Gibran (1883-1931)
